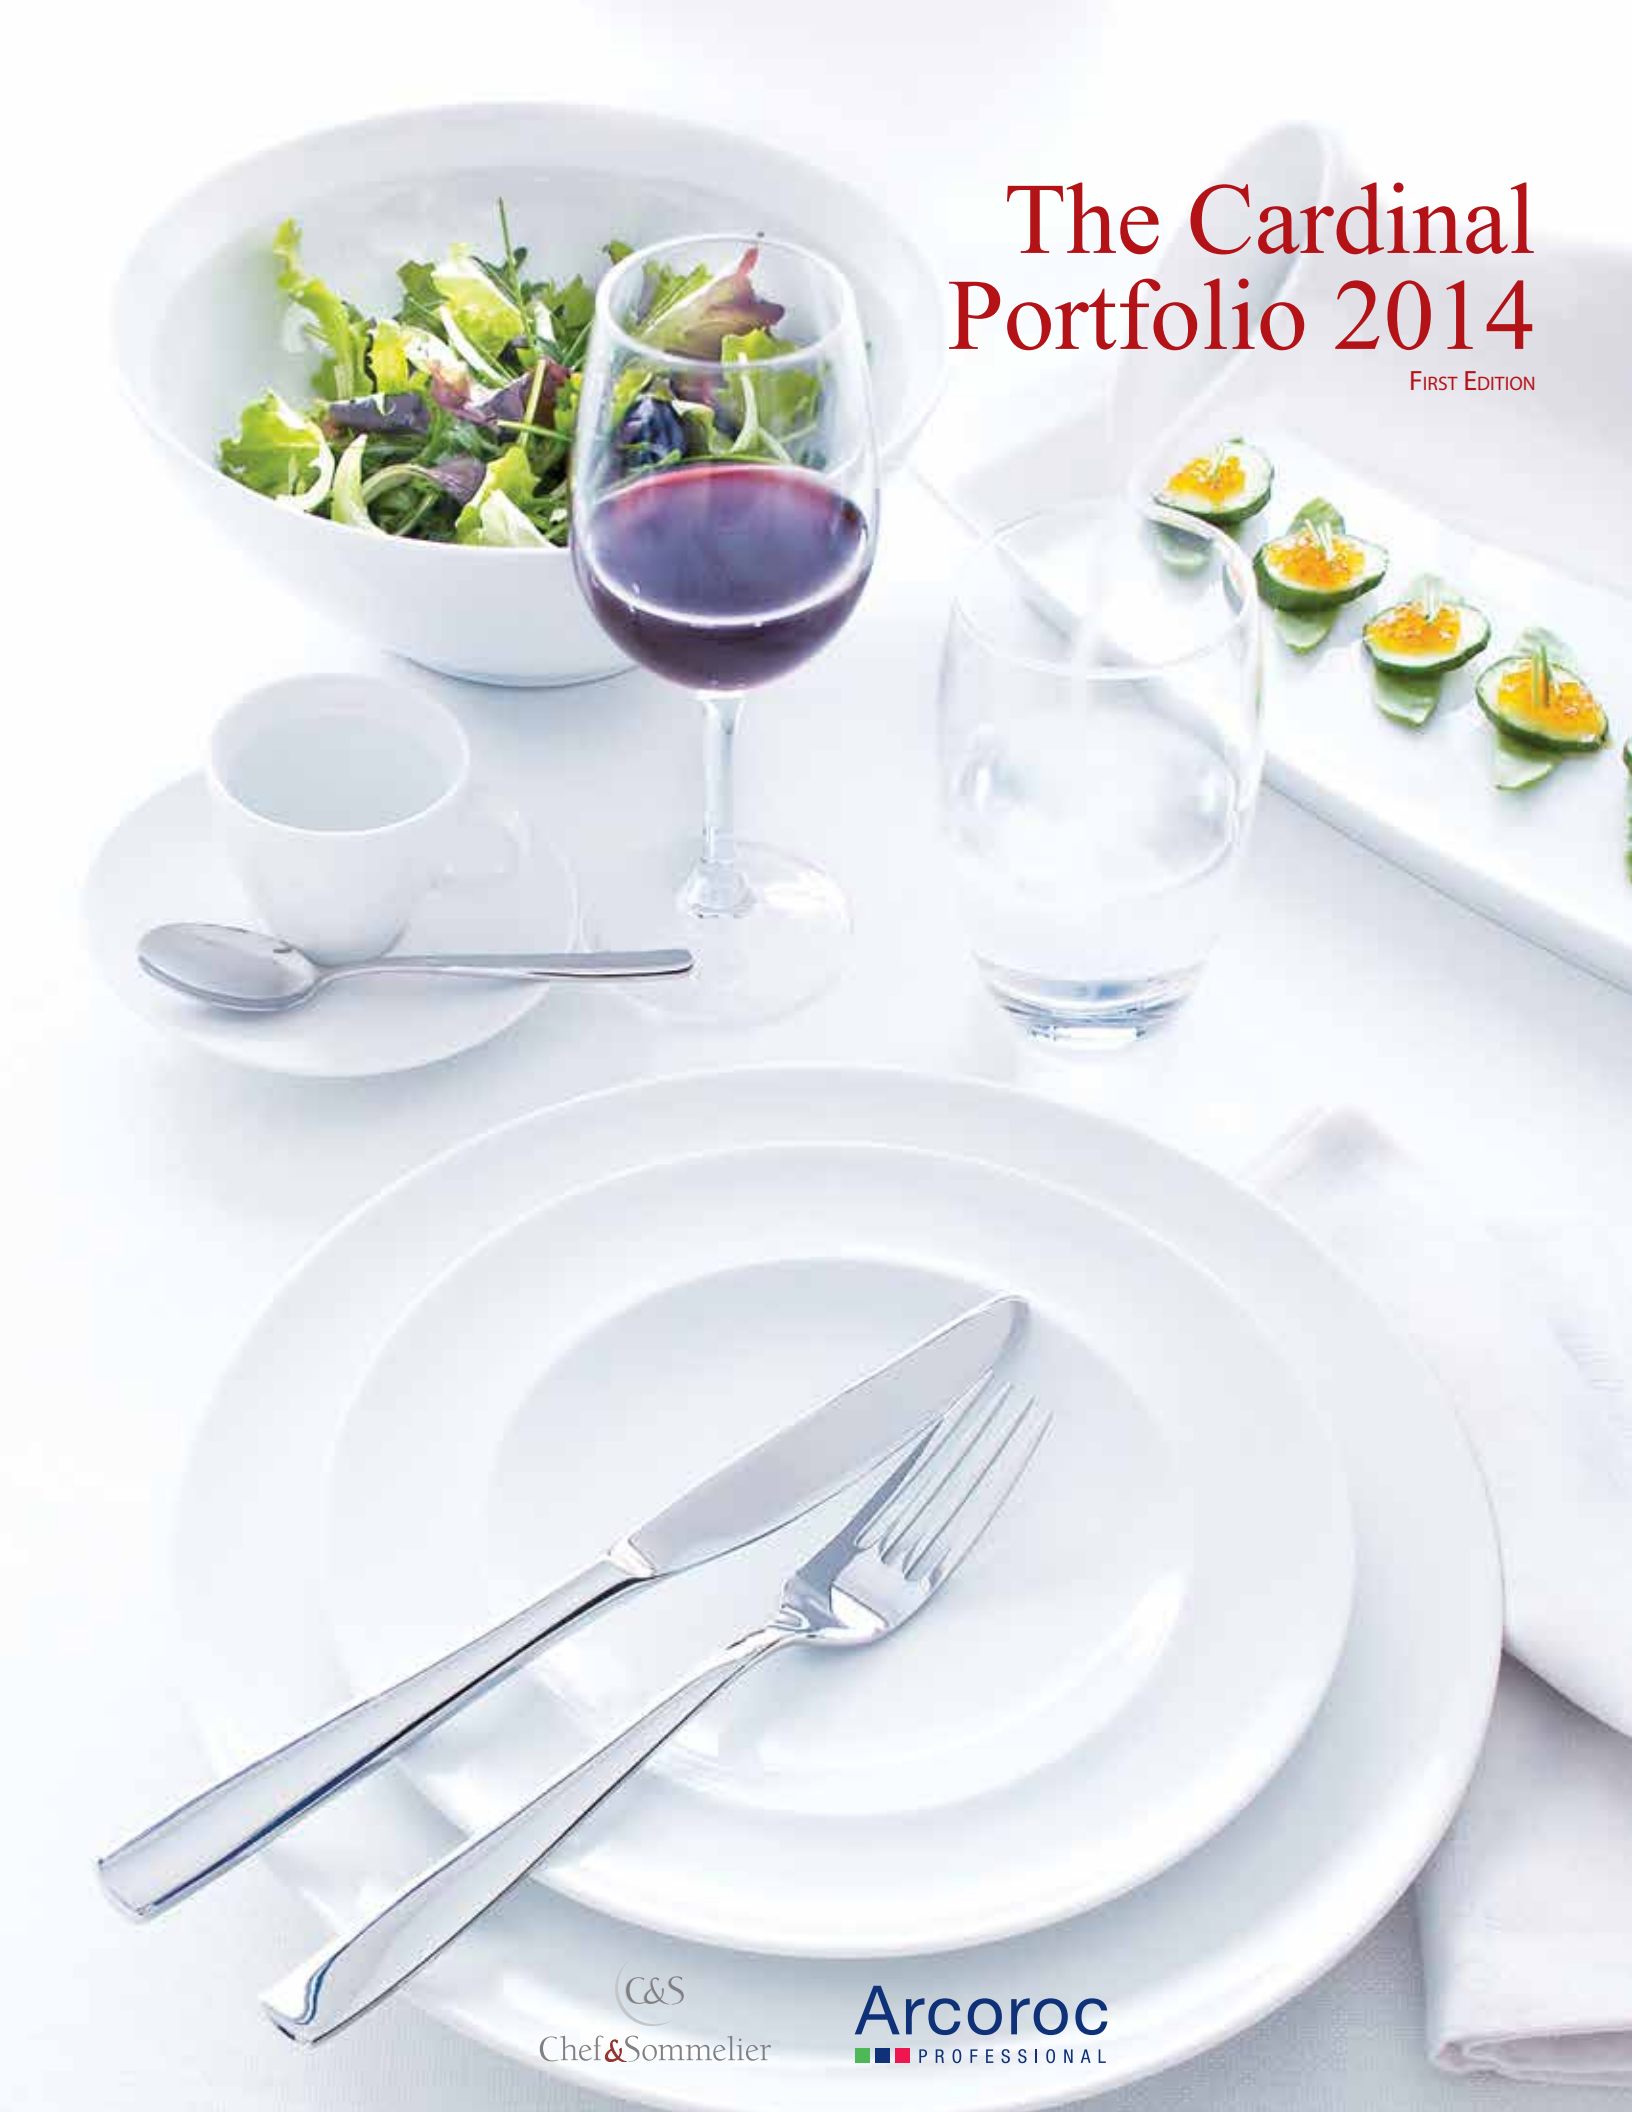
The Cardinal Portfolio 2014

First Edition



C&S Chef&Sommelier

Arcoroc PROFESSIONAL

ARC International is the world leader in producing tabletop products - with capacity to produce over 5 million items throughout the world each day. Since 1825, ARC International continues as a family owned company specializing in glassware and tabletop products. ARC International is widely known as a pioneer group in researching new materials and effective solutions for our ever-changing world. For 187 years, we have served individuals and companies who have come to rely on ARC for its unparalleled ingenuity, high standards of excellence and above all...an unwavering commitment to our customers' needs.

ARQUES, France

Today ARC International is still family owned, and is led by a board of directors who carefully guide the group towards the established vision and goals that make ARC International a world leader. ARC continues to thrive with over 14,000 employees worldwide, and over 100 engineers dedicated to researching and developing products to meet the future needs in tableware. Manufacturing takes place in five countries where we work closely with each facility to maintain our high standards of quality, sustainable development, economic requirements, social responsibilities, and respect for the environment.

U.S.A.

CHINA

U.A.E.

Châteauroux, France

Russia

Arc International strives to be environmentally responsible and is proud to operate the cleanest glassmaking manufacturing facility in the world, located in Millville, N.J. As part of its long-term commitment to sustainability, ARC International invested nearly $40 Million to expand capacity and find new ways to reduce primary emissions from its glass furnaces. The result is a new, state-of-the-art emission control system on all of its Millville furnaces.

Solutions for any Occasion

In the dining room or at the serving station, mix and match to your heart's content the many shapes, colors, sizes, textures and qualities that make Cardinal's Portfolio of professional tabletop collections both versatile and uniquely suited for today's dining options.

Today's choices allow us to combine qualities that are important and unique to the foodservice and hospitality industry. The Cardinal Portfolio provides comprehensive solutions to your needs and your desires – from elegant AND strong to unique AND practical. We have a tabletop solution designed just for your needs.

The Cardinal Portfolio of dinnerware lines come in a variety of shapes, sizes and strengths from fully vitrified bodies and extra hard glazes to our own patented process of Extra Strong Porcelain® and Maxima® bodies. Our ceramic dinnerware stands up to the service required in fast-paced foodservice environments. Our fully tempered Opal® and Fully Tempered glass dinnerware bring value to the table with strength that is proven to be 3 times stronger than any ceramic body. Our latest material innovation in Zenix® brings unmatched scratch resistance, durability and beauty to the vigors of professional foodservice dinnerware.

Our Glassware lines are innovative, impressive and built to last in today's demanding foodservice environments. The collections range from annealed, rim tempered and Fully Tempered glass to Kwarx® material, each providing extra value to your establishment by reducing replacement costs.

Flatware is skillfully crafted into contemporary and classic designs using 18/10 stainless steel in a variety of gauges to meet your durability and practicality needs.

Cardinal offers solutions to your foodservice needs with your choice of over 4000 original designs. Let your imagination run wild and create a table setting that is perfect for your business: from durable AND practical to stylish AND elegant – mix, match, and then make it your own.

Gourmet Collection

Today, Gourmet trends extend across a variety of foodservice outlets from the local coffee bar to a five-star restaurant – each is looking for a special way to distinguish themselves in the epicurean world. Gourmet Dinnerware from Cardinal offers a selection of ideas and solutions that will bring this appetizing trend into financial focus for your business.

Start with petite sizes, which allow for guilt free enjoyment. Add in shapes, textures, and materials that encourage your signature dishes to stand out from the crowd. Top it off with strength and durability for long lasting quality, and you have the perfect recipe for defining the Gourmet trend.

This section of the Cardinal Portfolio showcases creativity with miniature appetizer sizes, dinnerware, dessert-ware, and even unique drinkware designs, each with innovative and stylish alternative usage suggestions.

Please see our strength and durability logos that show which items are made with Extra Strong Porcelain®, Maxima® and which items are Fully Tempered Glass.

Extra Strong Porcelain

Developed for professional-use, Extra Strong Porcelain is always a star performer. It offers up to twice the mechanical resistance and it's guaranteed against chipping for up to 5 years. Arcoroc porcelain boasts enduring scratch and dishwasher resistance.

Fully Tempered Glassware

Arcoroc developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

Maxima

Because commitment to excellence permits no compromise, Chef & Sommelier dinnerware is made with patented Porcelain Maxima®. This body is two times more resistant than other products of the same thickness, and we guarantee against chipping for five years.

5 Year Edge Chip Guarantee

For information about our 5 Year Edge Chip Guarantee, please refer to page 201.

Slide Control

Chef & Sommelier brings innovation to food service with the use of a permanent silicone ring attached to select gourmet items, allowing for perfect placement during serving. The silicone ring is guaranteed for 2,000 dishwashing cycles.

Gourmet Dinnerware

Arcoroc® PROFESSIONAL

Cook & Serve
FULLY TEMPERED

FULLY TEMPERED EXTRA RESISTANT

The Cook & Serve collection takes a traditional home style presentation to the trendiest restaurants – marrying home cooked comforts and gourmet delicacies. Made from our proprietary grade of borosilicate glass, Cook & Serve is stronger, smoother and safer than any other type of glass cookware on the market.

Shape	**Round Casserole and Lid**

Capacity	8 Oz.
Dimension	4”
Pack	8 Pc.

Cook & Serve heats up gently and evenly so that foods are cooked uniformly and all the natural flavors and juices are maintained. Cleaning is made simple with Arc’s special manufacturing process which creates an ultra smooth surface for easy food release. It can withstand temperatures of a minimum -40° F and maximum 572° F, along with 392° F of thermal shock resistance (as opposed to 356° F for ordinary soda-lime glass ovenware).

FULLY TEMPERED EXTRA RESISTANT

Dinnerware Collection

Elegance, Style, and Value combine to create the Dinnerware selections in the Cardinal Portfolio of patterns. From Extra Strong Porcelain, Maxima® bodies, and vitrified bodies in our ceramic patterns to Fully tempered Glassware and our Signature Opal® and New Zenix® collections, Cardinal offers the best solutions for your foodservice needs.

The Cardinal Portfolio provides a range of patterns and collections that are designed for longevity and developed to satisfy the needs of Professionals.

Our latest innovation from the Design Engineers at Arc International is Zenix®, a revolutionary new mineralized material and new manufacturing process which results in the ultimate dinnerware answer for foodservice professionals. Its strength against breakage and chipping is a full four times stronger than ceramic dinnerware and its flawless finish is impervious to metal marking and scratching. The Zenix® patterns carry a 5 year chip guarantee and can qualify for a first ever 10 year shape guarantee.

We are pleased to introduce Bone China in Arcoroc®, where the strength and durability of 51% bone Ash is perfectly complemented by affordability within the marketplace. Our Bone China patterns are backed up with a 5 year chip guarantee.

Our Extra Strong Porcelain patterns carry a full 5 year chip guarantee on ALL pieces in the collection - yes, even on cups, saucers, and square corners. Extra Strong porcelain offers up to twice the mechanical resistance of ordinary china bodies - reducing resupply costs and providing ware that simply stands up to professional usage. Our Maxima body is made with a high Alumina additive to deliver beautiful and elegant designs with maximum strength and 5 year chip guarantees.

Zenix®
Fine Quality ● High Resistance

Zenix®

Arcoroc® Introduces Zenix®, a superior material that blends dinnerware durability and design to its highest level. This pure mineralized dinnerware material harmonizes the aesthetic food presentation desires of culinary professionals with their rigorous table-service demands. Zenix® dinnerware carries Arcoroc's five-year chip warranty and a first-time-ever 10 year shape warranty!

Maxima

Maxima®

Because commitment to excellence permits no compromise, Chef & Sommelier® dinnerware is made with patented Porcelain Maxima®. This body is two times more resistant than other products of the same thickness, and we guarantee against chipping for five years.

EXTRA STRONG PORCELAIN

Extra Strong Porcelain

Developed for professional-use, Extra Strong Porcelain is always a star performer. It offers up to twice the mechanical resistance and it's guaranteed against chipping for up to 5 years. Arcoroc® porcelain boasts enduring scratch and dishwasher-resistance.

EDGE CHIP 5 year WARRANTY

5 Year Edge Chip Guarantee

EDGE CHIP 5 year WARRANTY

EXTRA STRONG PORCELAIN

Zenix

Zenix®
Fine Quality ● High Resistance

Learn more about Zenix® here.

Thanks to an innovative manufacturing process, Cardinal is proud to offer Zenix®, a superior material that blends dinnerware durability and design to its highest level. In "Zen-like" form, this pure mineralized dinnerware harmonizes the aesthetic food presentation desires of culinary professionals with rigorous table-service demands. Chefs gain peace-of-mind with Zenix® dinnerware because it carries a five-year chip warranty and qualifies for our first time ever ten-year shape warranty!

www.zenix-material.com

Innovative Material

Zenix® is up to 4 times more resistant to shocks and chipping than other dinnerware materials.

Zenix® is made to stand up to the knife! Its revolutionary combination of the purest minerals and special firing process produces unmatched scratch resistance.

Zenix® stands up to 2,000 industrial dishwashing cycles. Zenix® is engineered to preserve its long lasting flawless finish even through high usage venues.

Zenix® material is featured in two new visually appealing designs inspired by nature: traditional and elegant Intensity and more organically inspired Tendency.

The traditional design of Intensity gives the collection an elegant, timeless and refined look. The wide rim and large useful surface area make this collection perfectly suited for room service, breakfast buffets, banqueting and table service. Intensity carries our first ever 10 year shape guarantee.

The innovative organic shape of Tendency is inspired by the soft curves we see in nature; this series blends easily into any contemporary setting.

The Daring collection is the perfect complement to both Intensity & Tendency. Made of Arcoroc's Extra Strong Porcelain, this collection of cups, saucers, & accessories is practical, functional and guaranteed against chipping.

Arcoroc's Appetizer collection offers 14 unique shapes that complement both Intensity and Tendency.
These extra strong porcelain pieces offer a dramatic way to showcase appetizers, desserts, & tasting-sized portions.

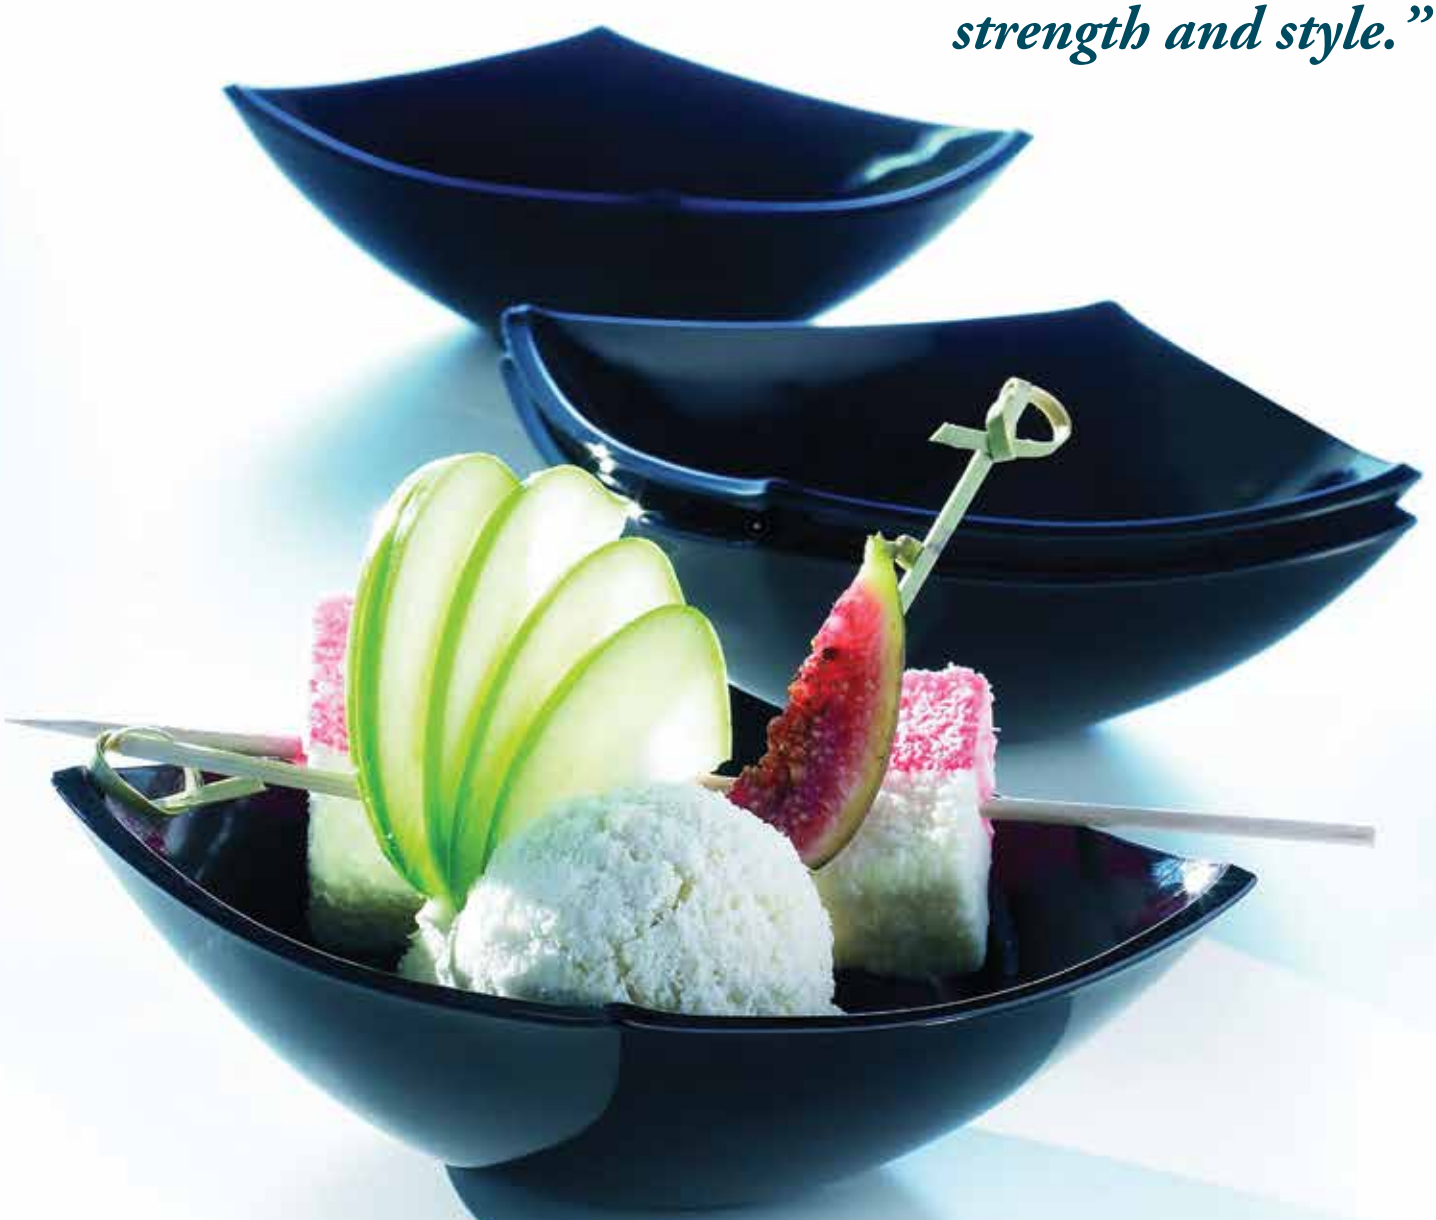
Opal Dinnerware

"We updated our employee dining room with strength and style."



Opal Collection

Opal® is the professional material of choice. From Institutional Dining and Corporate Feeding to high traffic restaurants, Opal has an answer for every venue. Opal is light weight and perfectly stackable, so handling within a catering or banqueting environment is easy. It has extreme scratch resistance, it is 100% hygienic for institutional usage, and it is 3 times stronger than any ceramic material so it can take the hard knocks of professional restaurants and facilities. Today Opal has even more options from color banding, to color splashing, from plain white and plain ivory to embossed and elegant designs.

Opal is kind to your budget and kind to the environment with surprisingly low installation costs and 30% less breakage. This fully recyclable product is the wave of the future.

Extra Hard Surface
Long lasting protection against metal marking

Bacteria Free
100% non porous material all the way through, protects against bacteria

Scratch Resistant
Long-lasting protection against knife scratches

100% Recyclable
Fully tempered glass is 100% recyclable material

Fade Resistance
Stands up to 2,000 industrial dishwashing cycles

Optimum Stacking
Perfectly exact profiles create neat stacking and storage

Heat Retentive
Keeps food hot – cools at the same speed as ceramic bodies

Value
Surprisingly low installation costs and lower resupply cost than ceramic

Microwave Safe
Easy to use in microwave environments

Fully Tempered
Extra Strong for long life, durability, and safety

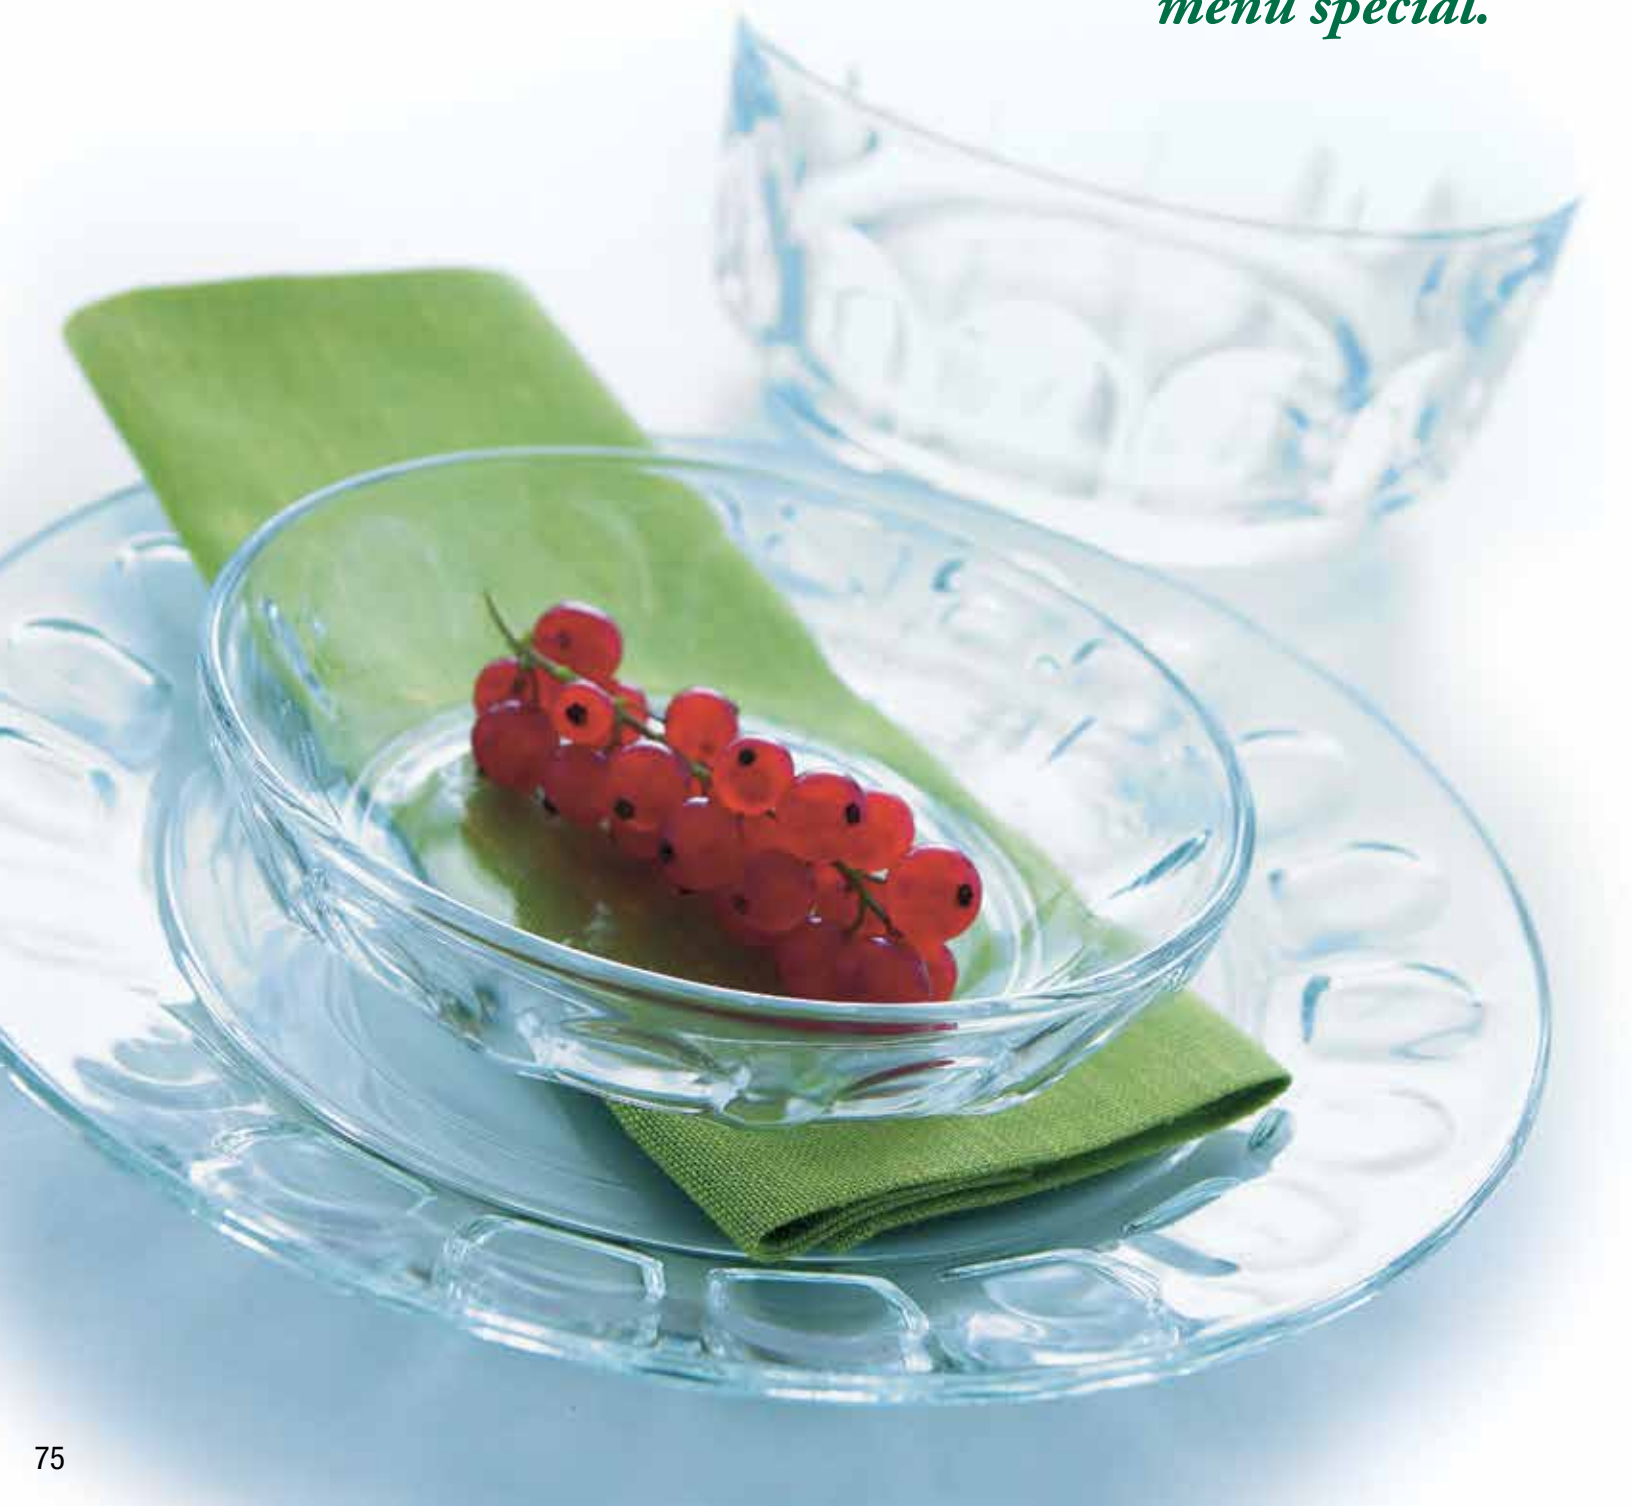
Zenix® Fine Quality • High Resistance

Glass Dinnerware

"A signature salad makes our menu special."

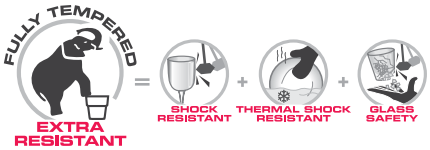


Glass Dinnerware Collection

Glass Dinnerware is the perfect solution for many dining room dilemmas. Cardinal offers Fully Tempered Glass dinnerware in a variety of shapes and sizes to go from salads and appetizers to main courses and desserts. Designs are created to complement ceramic dinnerware and provide a touch of the unexpected to your house specialties.

Strength, durability and cost savings are key components of choosing glass dinnerware. The Cardinal Portfolio offers glass dinnerware in Elemental, Arcoroc® and Chef & Sommelier® so choosing something special is both easy and affordable.

Fully Tempered Dinnerware is kind to the environment and kind to your budget. Surprisingly affordable at installation and its fully tempered manufacturing process is designed to last up to 5 times longer than ceramic dinnerware. We're finding ways to help you reduce resupply costs and remain committed to our environment with fully recyclable ware.



Fully Tempered Glassware

Arcoroc developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

Flatware

"The elegant feel of our 18/10 stainless enhances every meal we serve."

Flatware Collection

Arcoroc® and Chef & Sommelier® 18/10 and 18/0 flatware collections combine elegant and modern shapes with heavyweight steel gauges for that top-of-the-line feel. Manufactured to the highest standards, Arcoroc® and Chef & Sommelier® flatware use only the finest grade stainless steel for durability and to maintain the shimmering finish use after use.

Cardinal stands behind our flatware collections. We have created them specifically for commercial foodservice use by using the finest quality materials and meticulous craftsmanship. Arcoroc® and Chef & Sommelier® flatware patterns are backed by our 10-year guarantee. See page 203 for more details.

Arcoroc® and Chef & Sommelier® patterns are designed to be perfectly balanced in the hand so food is the focus. The understated elegance crafted into each design ranges from traditional to modern and complements our range of Arcoroc® and Chef & Sommelier® dinnerware and drinkware.

Change the look easily by requesting any of our patterns in an updated and contemporary brushed finish. Every pattern is also available in silver-plate for unparalleled luxury. For more information on this special program, please call your local Cardinal sales representative or customer service at 973.628.0900.

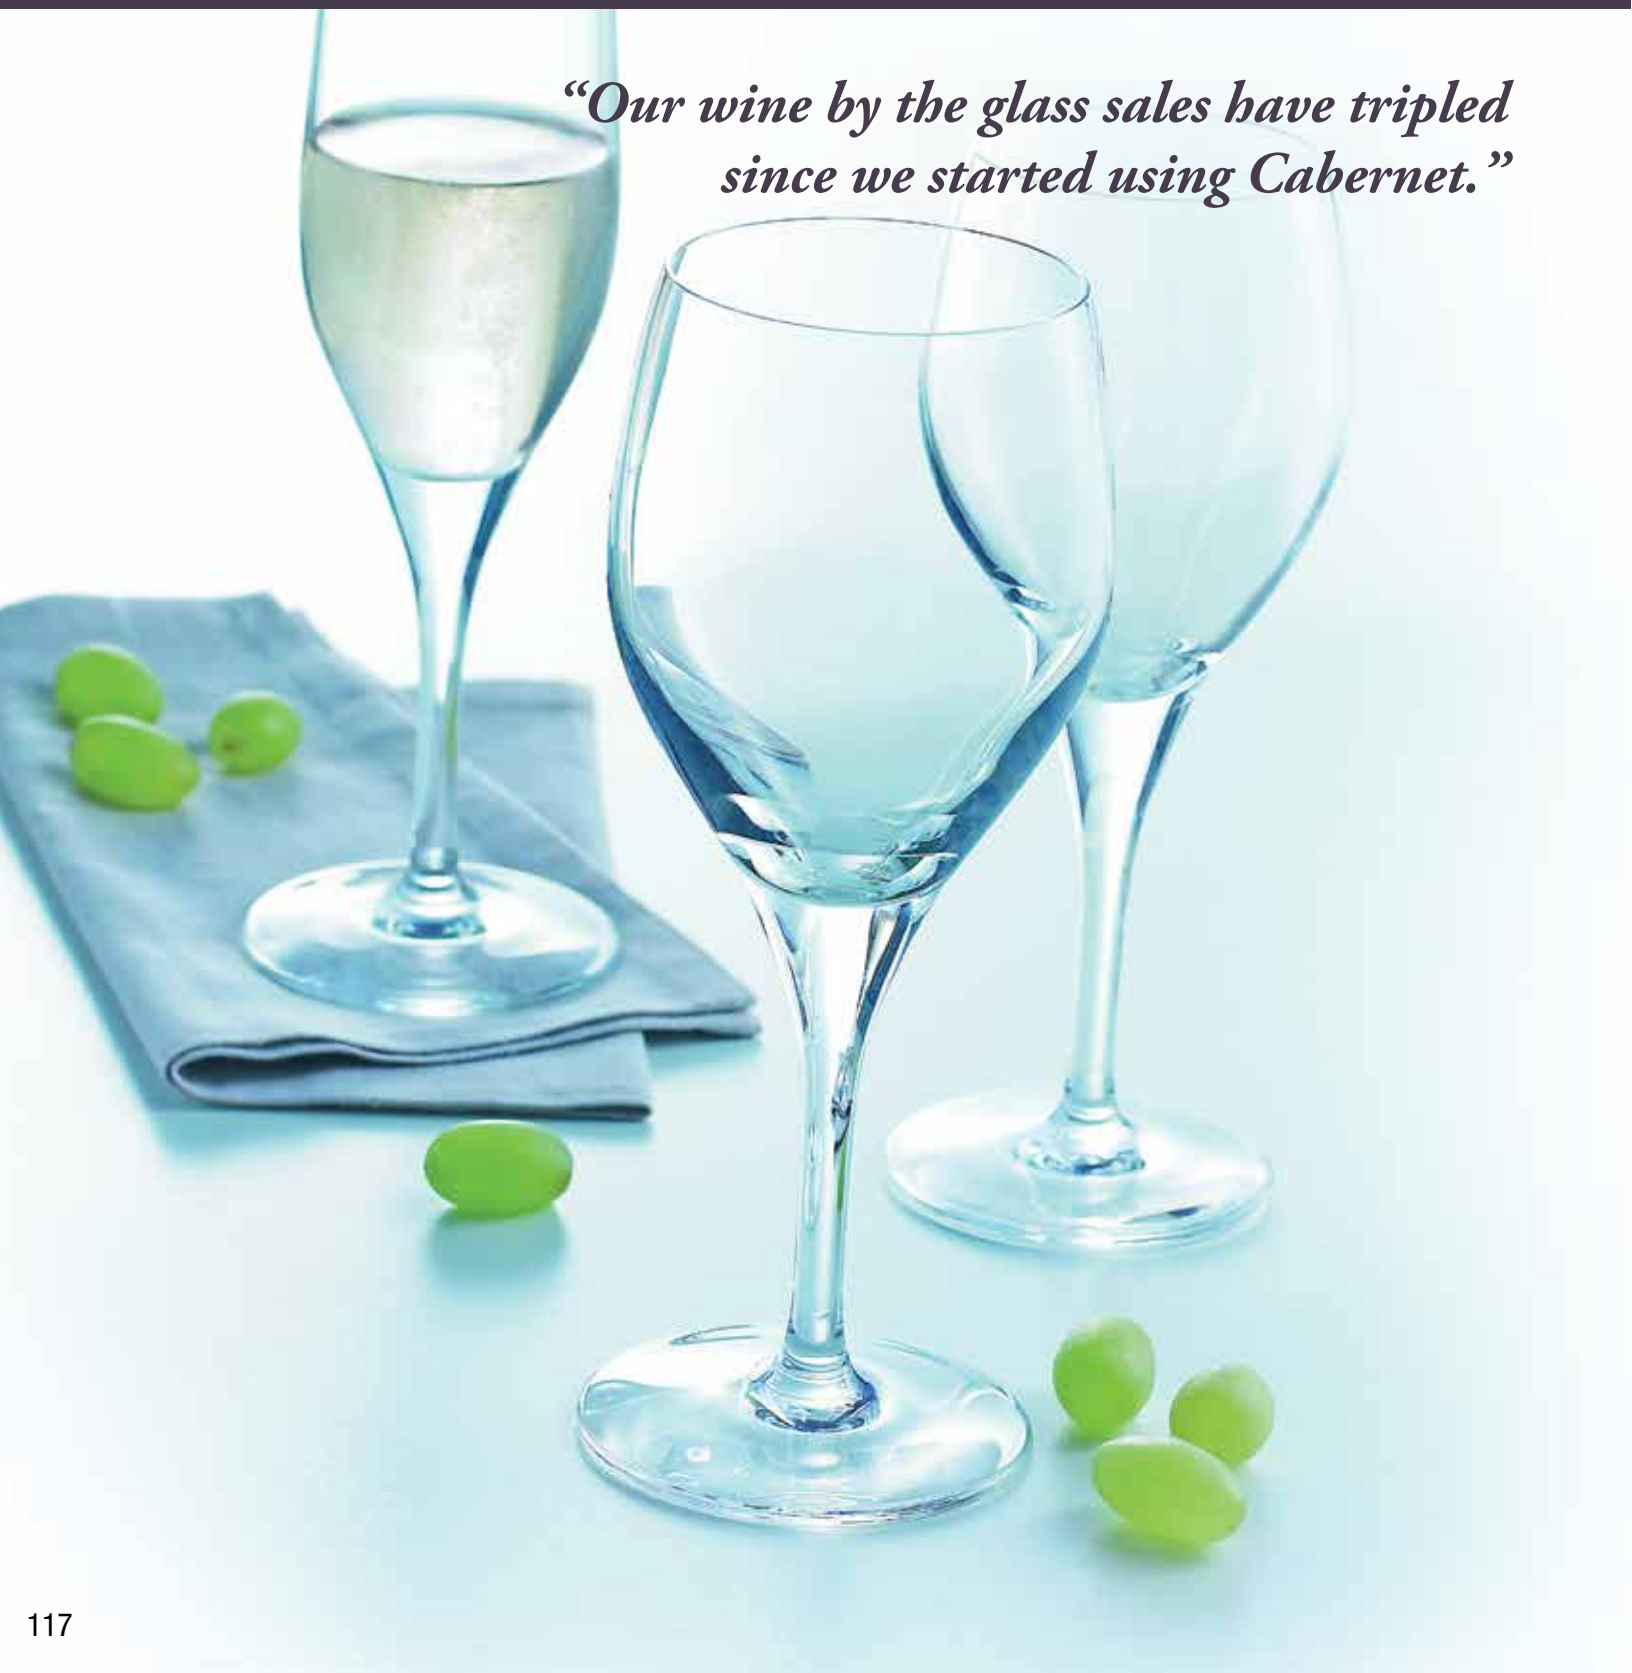
Stemware



"Our wine by the glass sales have tripled since we started using Cabernet."

Stemware Collection

Cardinal stemware is truly the industry standard. For decades Cardinal has been the singular choice for many of the world's finest restaurants, hotels, cruise lines, and resorts.

From the Arcoroc® collection of highly durable fully tempered stems for every day, to the Chef & Sommelier® collection of refined and elegant Kwarx® material sheer stems, Cardinal has a selection that perfectly fits your style and décor. Cardinal can help you to control costs through right sized capacities and custom pour lines designed especially for your business.

Many of our collections extend from stemware to specialty cocktails and tumblers, designed to complement your requirements and your sense of style. Experience the strength, durability, and clarity for yourself by asking your Cardinal sales person for a personal consultation and free samples.

Fully Tempered Glassware

Arcoroc® developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

Rim Strengthened

Rim Strengthened adds strength and durability to affordability in our offering.

Kwarx®

Kwarx® is a revolutionary new glass material created specifically to allow sheer rim designs to obtain extreme strength and durability against chipping, breakage, scratching, and is guaranteed for up to 2,000 industrial dishwashing cycles. Kwarx® glassware is completely transparent which makes it the perfect choice for tasting-quality glassware.

Sheer Rim

Sheer rim technology, long perfected in Cardinal stemware, is now available in select new collections from Arcoroc® and Chef & Sommelier®. Developed in Kwarx® material, these sheer rim designs provide beauty, elegance and long lasting durability.

Effervescence Plus

Effervescence Plus is a technology that develops an even, delicate effervescence, delighting the eyes and the taste buds alike.

Stackable

Items specially designed for stacking.

Open Up glasses are designed to allow flavors to develop within the wide base of the bowl. A large surface area allows for optimum oxygenation while its innovative shape and rim design concentrates aromas and flavors. The flute is treated with nucleation to produce an ever streaming line of bubbles for every champagne pour.

Arom' Up is a collection of five technical glasses which have been designed to enhance wine's main aroma families. Two Fruity shapes with higher natural pour lines develop the fruity aromas, while 2 shapes with a lower shoulder design are created to enhance the oaky aromas developed during barrel aging. Crafted in Kwarx® material for sheer rim strength and longevity through 2,000 industrial dishwashing cycles.

Pack	2 Dz.

Sleek and elegant with a fine rim for an enhanced tasting experience, Grands Cépages is the perfect combination of design and durability. The 6-piece collection is created to bring wine service to an entirely new level. Three capacities in the Red wine shape have lower shoulders to enhance the deep aromas and tastes of red wines. The higher bowl shape of the multi purpose design works with the lighter aromas of fruity varietals to maximize the tasting experience. The flute uses nucleation to enhance bubbling in all sparkling wine service.

Millesime stemware is sleek, sturdy and sophisticated. The upscale appeal of the sheer rim and stylish new shapes offer the perfect complement to the Cabernet collection. The sheer rim heightens the tasting experience and its elegantly angled design enhances the aroma of wine varietals. Crafted in Kwarx® material for sheer rim strength and longevity through 2,000 industrial dishwashing cycles.

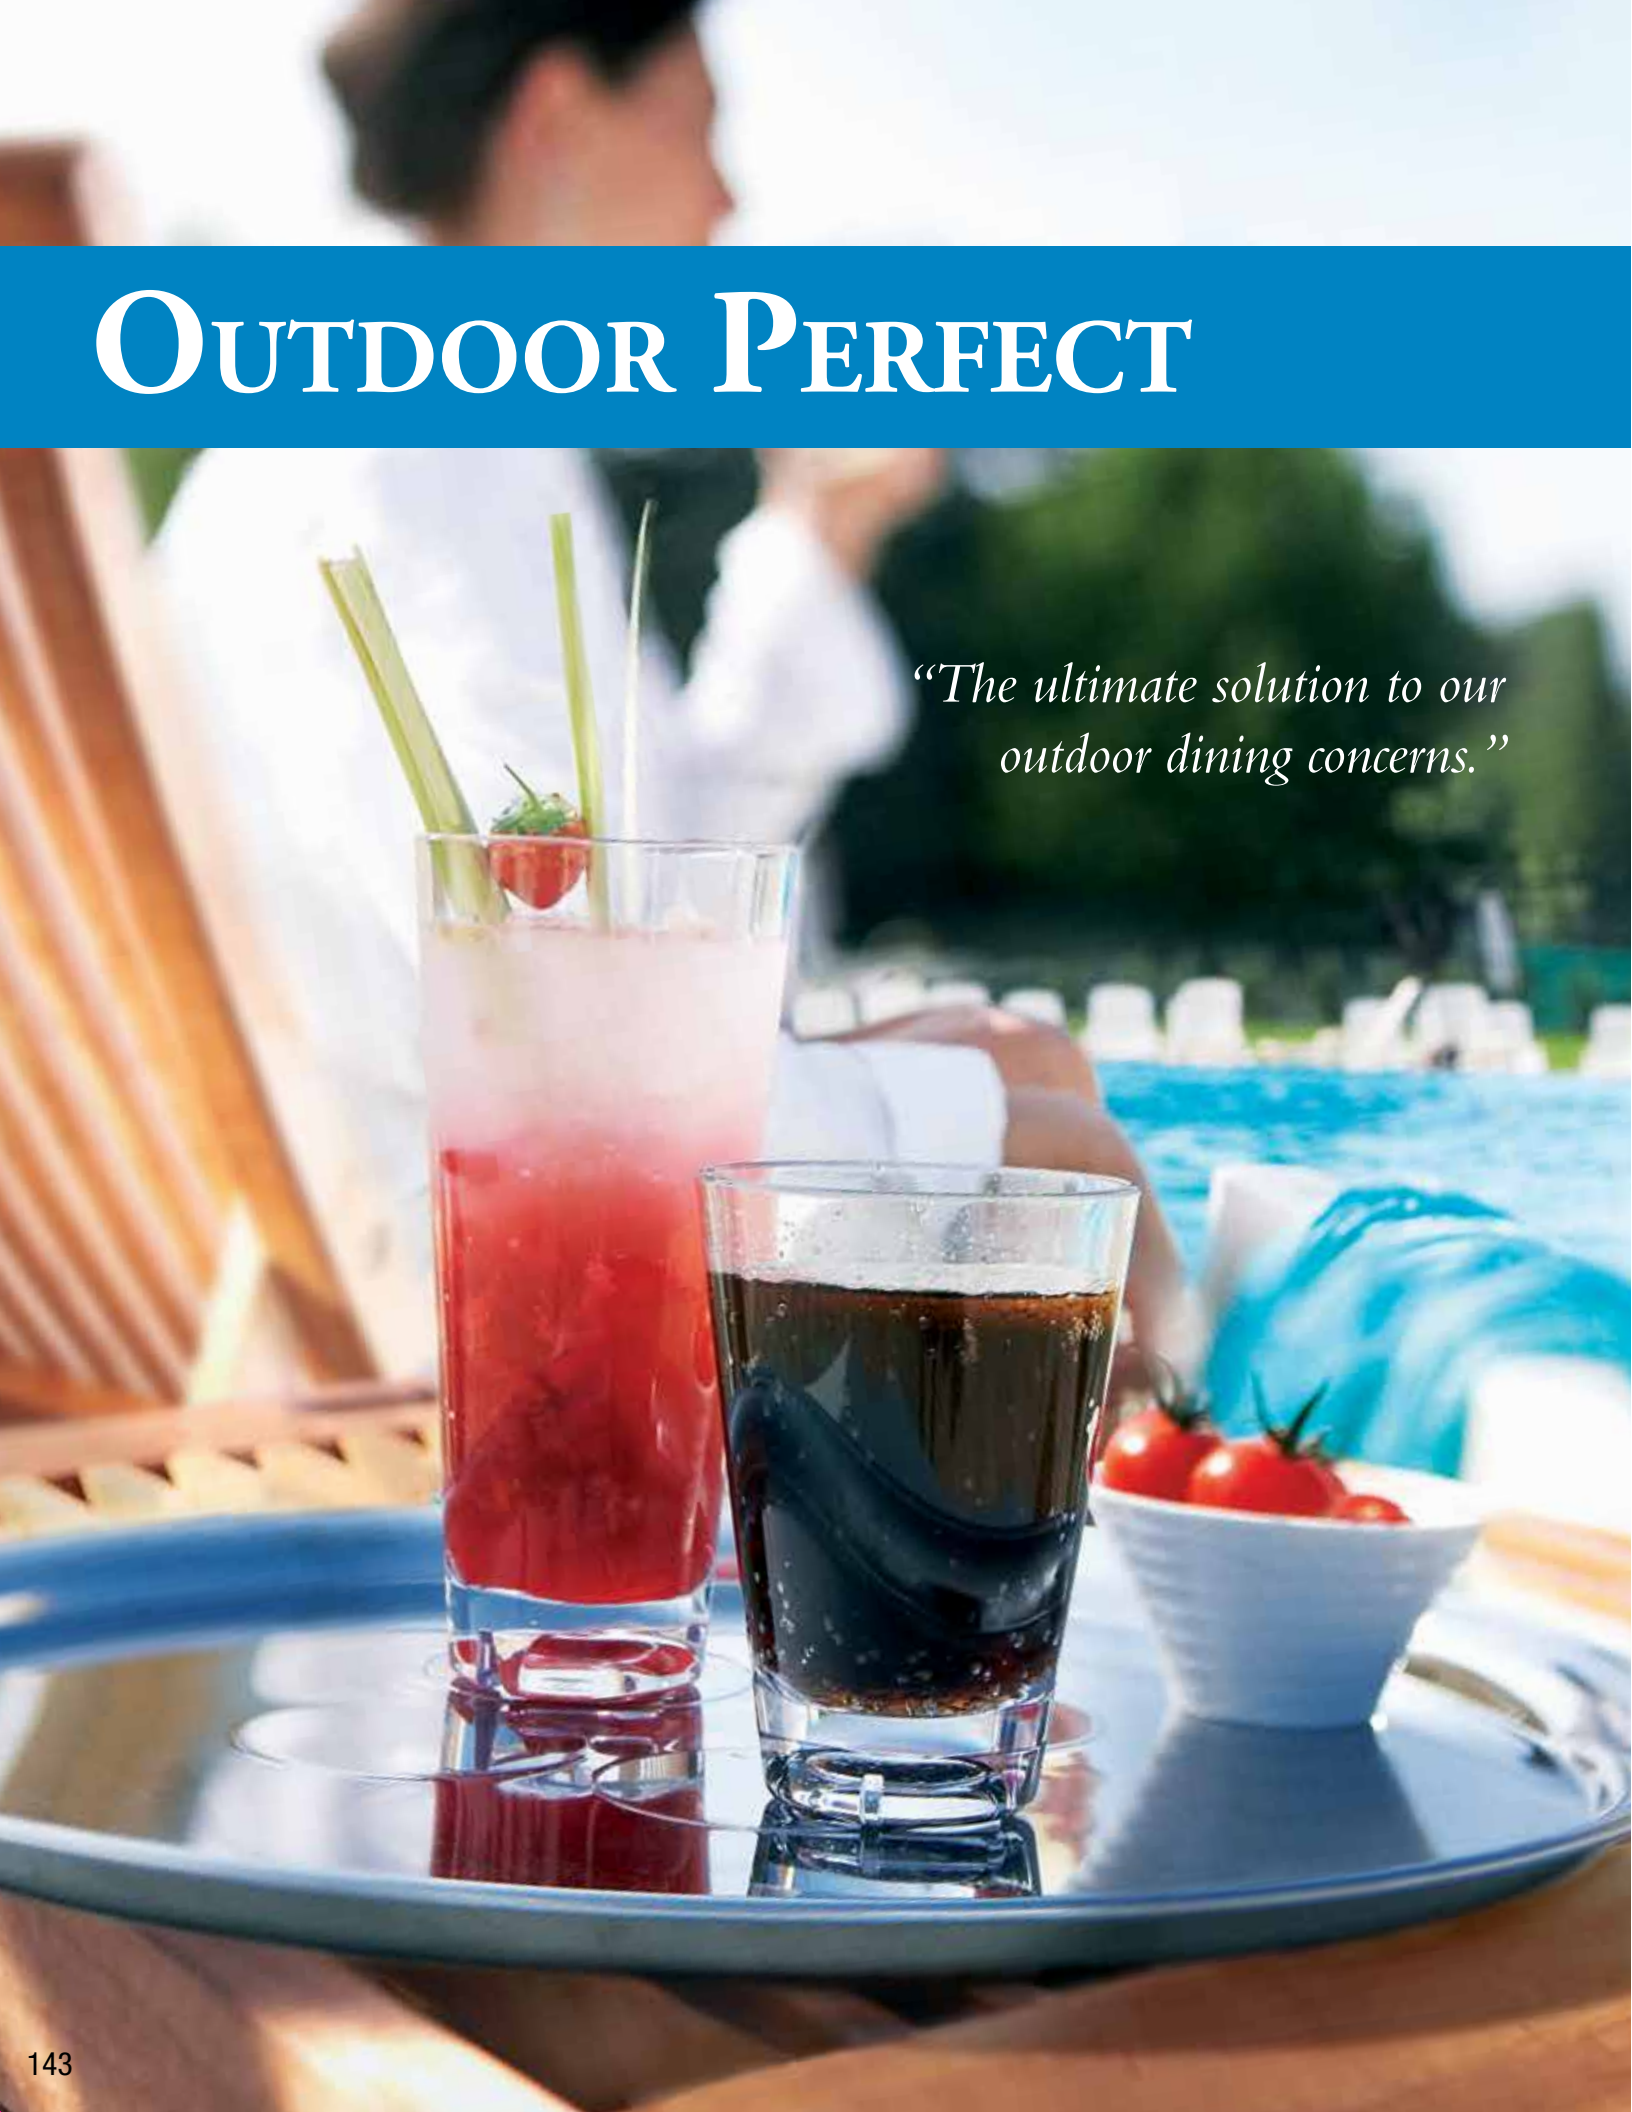
Outdoor Perfect



"The ultimate solution to our outdoor dining concerns."

Outdoor Perfect Collection

Arcoroc® is proud to offer a new evolution in drinkware: Outdoor Perfect. Designed specifically for professional use in outdoor and glass-free environments, Outdoor Perfect is created in BPA-free S.A.N. plastic for venues such as pool decks, spas, rooftop bars, and nightclubs.

Outdoor Perfect mimics the classic lines of Beaming for a range of mixers, hi balls and old fashioneds. The 14-piece line is further complemented by a complete range of cocktail, beer, wine and beverage service pieces designed to withstand rigorous outdoor use.

S.A.N. Plastic provides durability, clarity, and attractive pricing without sacrificing Arcoroc's professional foodservice requirements, including 2,000 dishwashing cycle performance, water vents on the sham for drainage, and elegant indoor/outdoor style.

Outdoor Perfect is made from a fully recyclable material, and is far kinder to the environment – and the budget – than the disposable plastic ware often used in glass-free environments. We invite you to order a sample today and see for yourself how Outdoor Perfect can be the ultimate solution for your pool and rooftop dining venues.

Water Vent

Water vents to drain during washing.

Visit our YouTube channel at
www.youtube.com/cardinalfoodservice

S.A.N. Plastic

Strength and Durability with excellent mechanical resistance. No deterioration of the material after more than 2,000 washes in an industrial dishwasher.

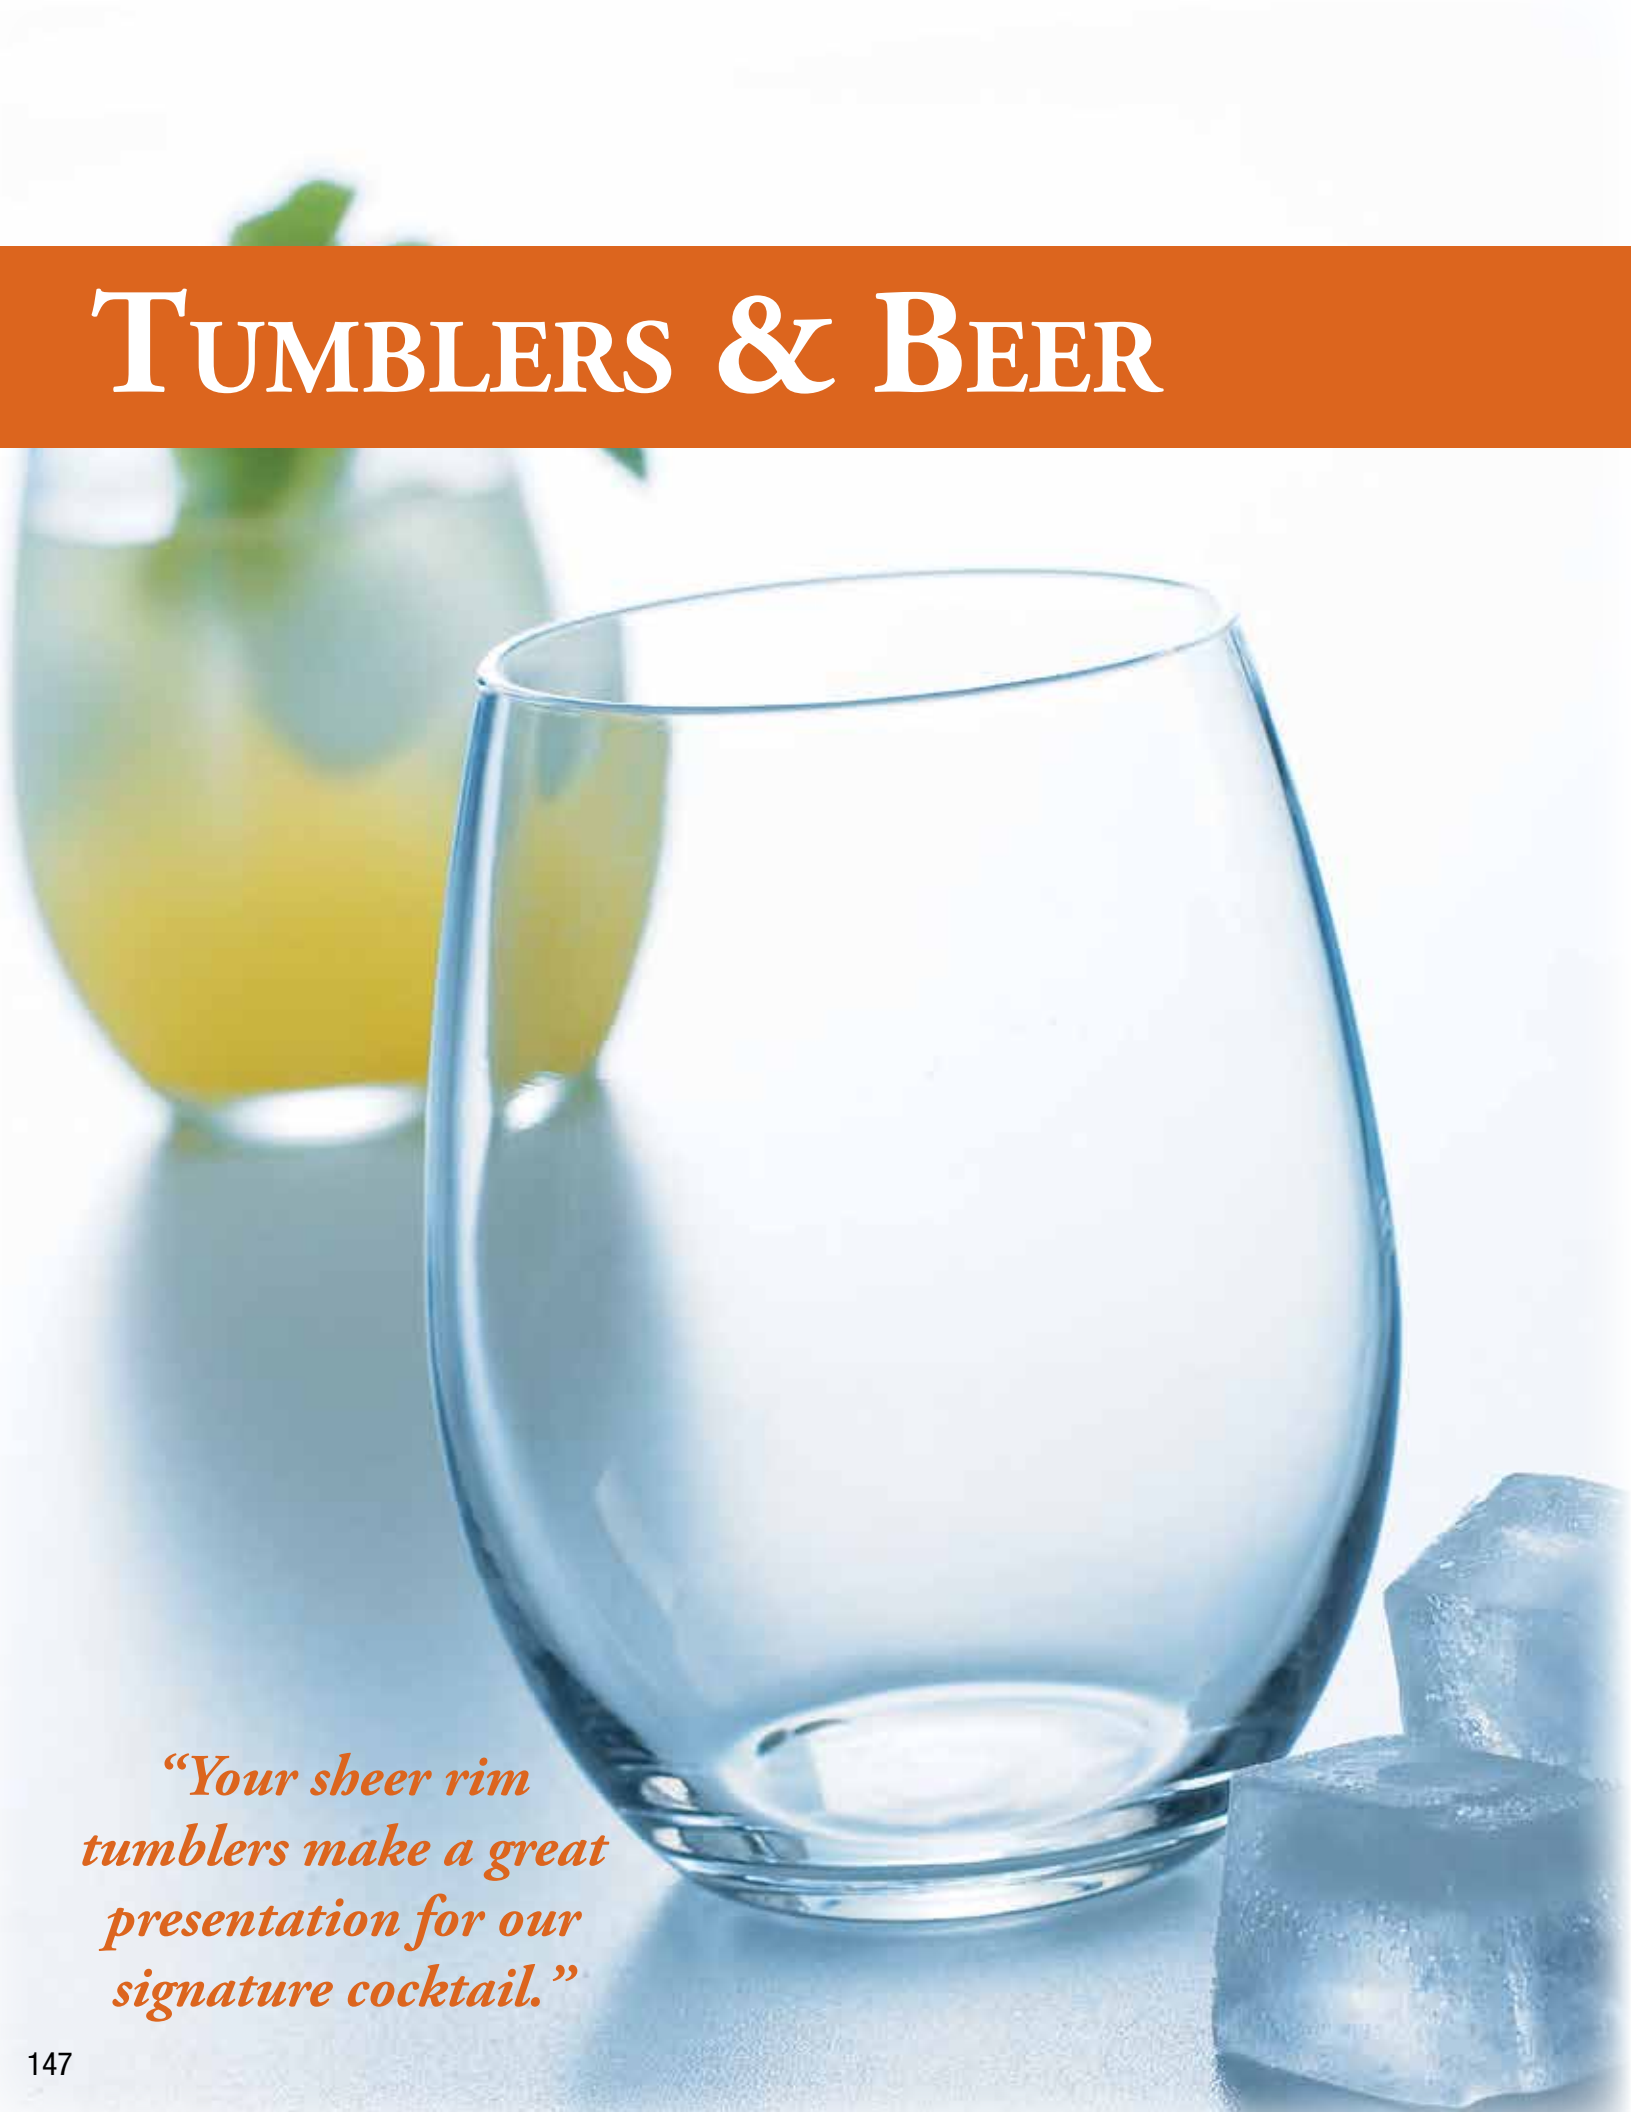
The Outdoor Perfect collection from Arcoroc is specially created for spa and patio dining, poolside service, and rooftop venues. The 14-piece complete collection includes beverage and wine service, hurricanes, pitchers and pilsners. Outdoor Perfect offers a serving solution for every beverage need. BPA-free.

PLASTIC S.A.N.

Tumblers & Beer



"Your sheer rim tumblers make a great presentation for our signature cocktail."

Tumblers & Beer Collection

Exceptional beverage presentation greatly enhances the overall dining experience. Attention to detail such as the choice of the shape or size of a beer glass, mixing glass, or rocks will transform ordinary service into something special, and keeps your guests coming back for more.

The Cardinal Portfolio is teeming with the perfect beer glass from simple pub glasses and mixers to complex shapes and footed pilsners. Our collection allows you to choose your style and your price. Custom Decoration can bring your establishment to life and help to save money with perfect pour lines designed especially for your business.

Fully Tempered Glassware

Arcoroc® developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

Rim Strengthened

Rim Strengthened adds strength and durability to affordability in our offering.

Kwarx®

Kwarx® is a revolutionary new glass material created specifically to allow sheer rim designs to obtain extreme strength and durability against chipping, breakage, scratching, and is guaranteed for up to 2,000 industrial dish-washing cycles. Kwarx® glassware is completely transparent which makes it the perfect choice for tasting-quality glassware.

Sheer Rim

Sheer rim technology, long perfected in Cardinal stemware, is now available in select new collections from Arcoroc® and Chef & Sommelier®. Developed in Kwarx® material, these sheer rim designs provide beauty, elegance and long lasting durability.

Stackable

Items specially designed for stacking.

Effervescence Plus

Effervescence Plus is a technology that develops an even, delicate effervescence, delighting the eyes and the taste buds alike.

Learn more about Stack Up.

“Stack Up is my favorite line of glassware for clients that have minimal room and need a sturdy stack-able glass. I love that it comes in so many sizes.”

Specialty Glassware

"Your fully tempered cocktail stem saves money each week."

Specialty Collections

Cardinal offers an extended collection of specialty glassware designed for enhancing the enjoyment of classic cocktails or newly inspired creations. These hard working pieces can be used to inspire amazing dessert, appetizer, or salad courses that stand out from the crowd. Fully Tempered pieces help to keep the focus on profitability and avoid service interruptions on the busiest days. The following pages are designed to showcase our most often asked for items, from cocktails to flutes, to footed specialties.

Fully Tempered Glassware

Arcoroc developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

Kwarx®

Kwarx® is a revolutionary new glass material created specifically to allow sheer rim designs to obtain extreme strength and durability against chipping, breakage, scratching, and is guaranteed for up to 2,000 industrial dishwashing cycles. Kwarx® glassware is completely transparent which makes it the perfect choice for tasting-quality glassware.

Effervescence Plus

Effervescence Plus is a technology that develops an even, delicate effervescence, delighting the eyes and the taste buds alike.

S.A.N. Plastic

Strength and Durability with excellent mechanical resistance. No deterioration of the material after more than 2,000 washes in an industrial dishwasher.

Coffee & Dessert

Coffee & Dessert Collections

The final course of the meal is both a chance to impress and an opportunity to enhance service levels. Create the perfect signature dessert and offer a selection of fancy coffee drinks to keep your customers coming back. Choose from Fully Tempered glass and Opal, or footed Irish coffee mugs. Our 10 oz. ceramic mug is the perfect complement to any in-room beverage station or breakfast buffet. Explore the possibilities with our dessert collection from traditional ice cream sundaes to fun and funky creations.

FULLY TEMPERED
EXTRA RESISTANT

Fully Tempered Glassware

Arcoroc developed the Fully Tempered Glassware process in 1958. We still hold the leadership position by providing products that are up to 5 times more resistant to breakage – which makes them 5 times more practical in today's environmentally friendly restaurants. Fully Tempered Glassware offers fewer breakages, increased strength and safety for handlers – without the loss of style and elegance.

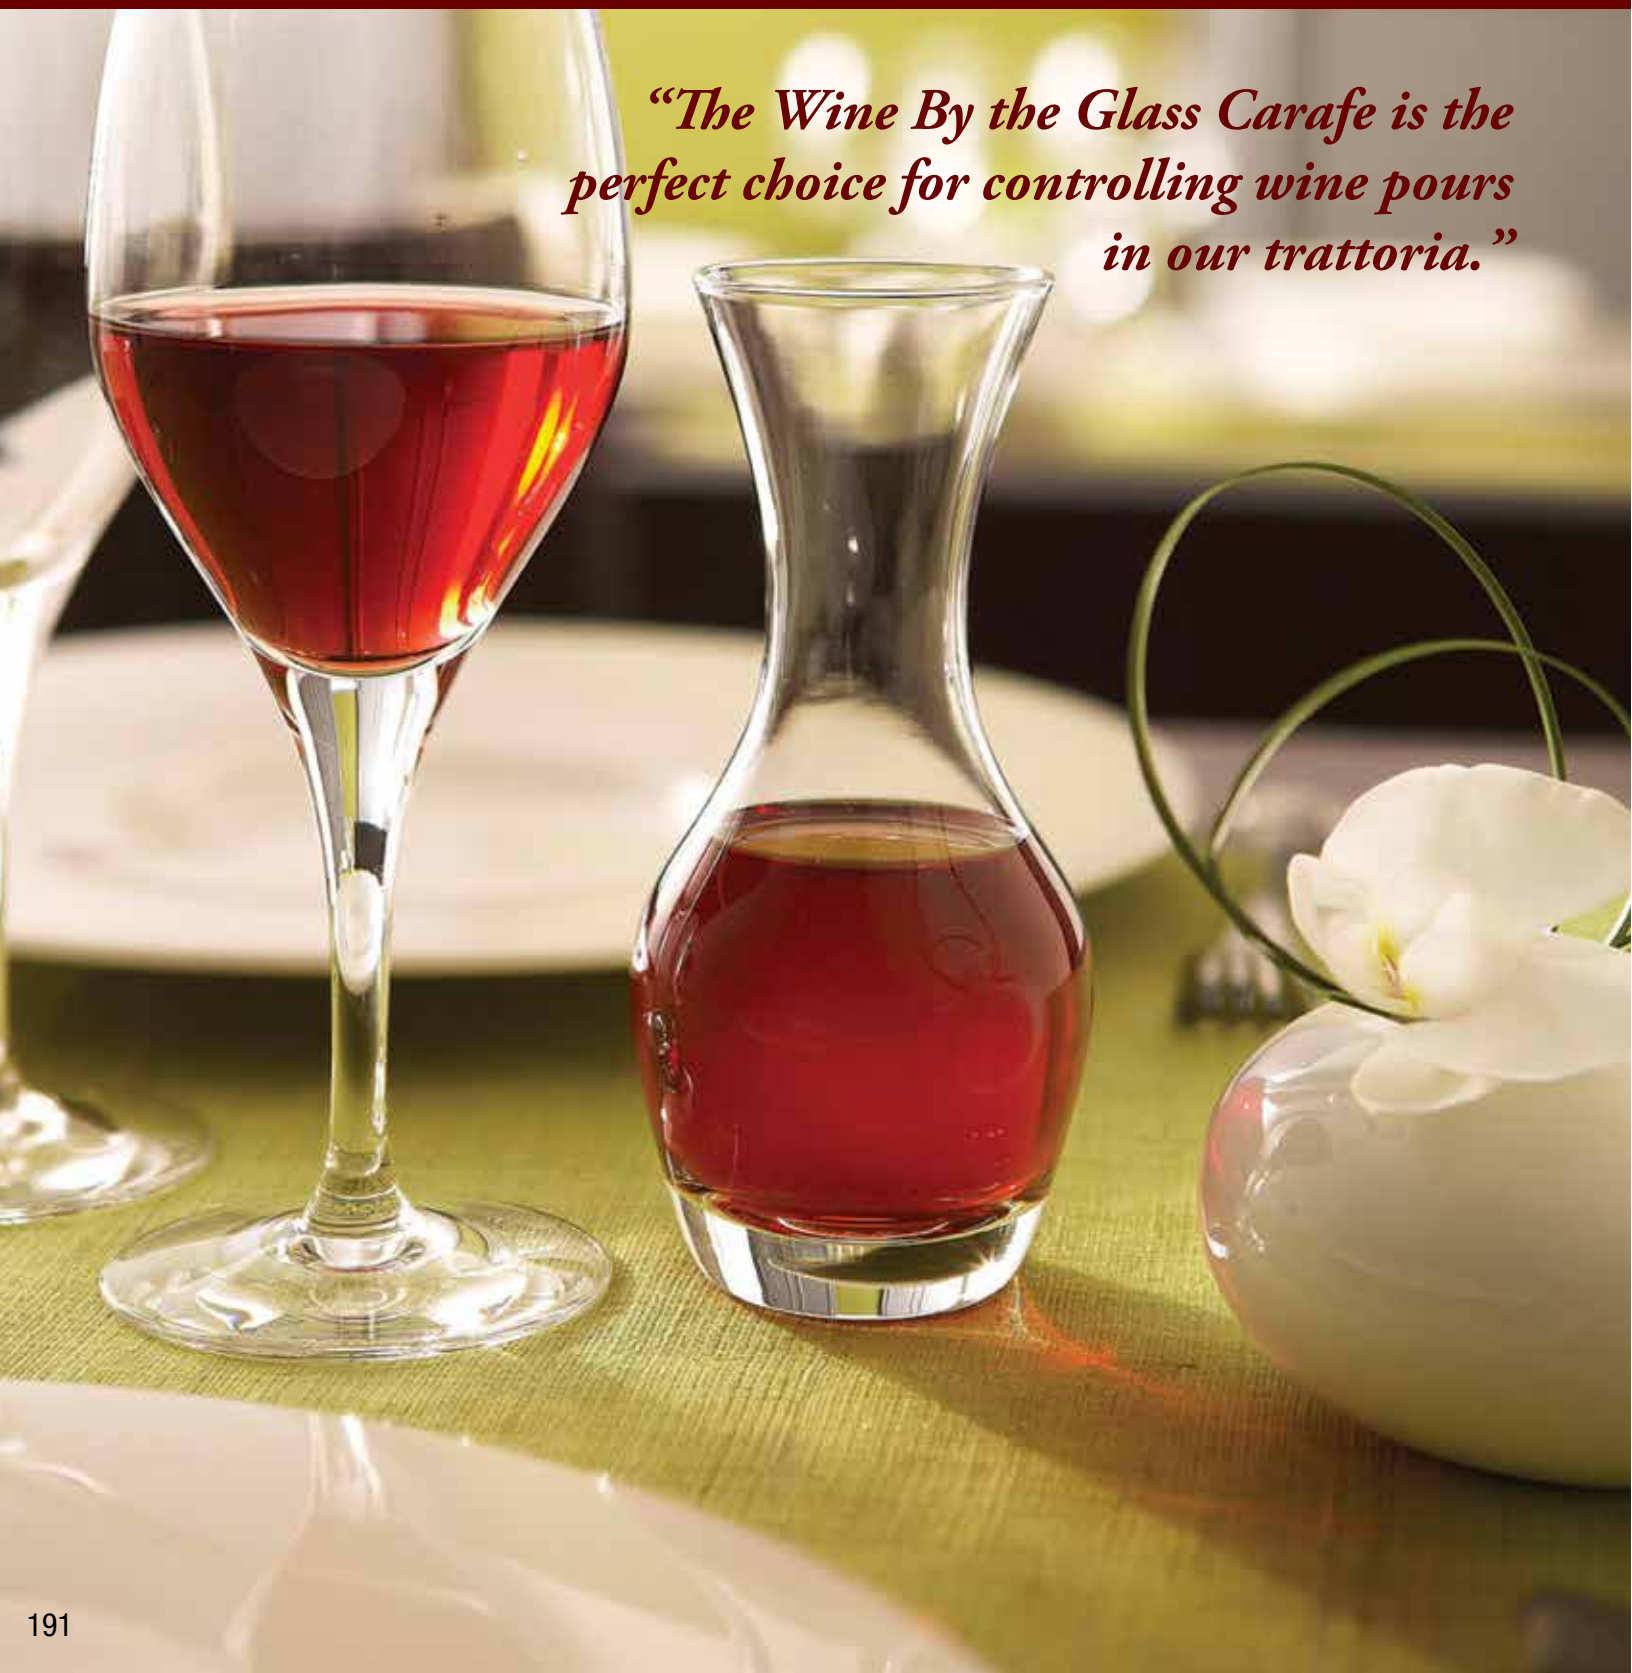
Decanters, Carafes & Pitchers



"The Wine By the Glass Carafe is the perfect choice for controlling wine pours in our trattoria."

Decanter, Carafe & Pitcher Collections

Wine service gets a lift of style when Carafes are used for decanting wine or controlling pours. Cardinal presents a varied collection of sizes and shapes that will enhance your wine offerings. Chef & Sommelier® decanters are created with mouth blown glass to define elegant shapes. Drop Control technology is used to ensure that white tablecloths remain clean after each pour. Arcoroc® offers a variety of shapes, sizes, and designs created to go from outdoor patio service to wine by the glass, and even stylish water service.

S.A.N. Plastic

Strength and Durability with excellent mechanical resistance. No deterioration of the material after more than 2,000 washes in an industrial dishwasher.

Kwarx®

Kwarx® is a revolutionary new glass material created specifically to allow sheer rim designs to obtain extreme strength and durability against chipping, breakage, scratching, and is guaranteed for up to 2,000 industrial dishwashing cycles. Kwarx® glassware is completely transparent which makes it the perfect choice for tasting-quality glassware.

Mouth Blown Crystal

Mouth Blown Crystal techniques are used in the Chef & Sommelier® decanter range to create organic and complex shapes which are simply not possible with other manufacturing methods. Each piece is created by hand.

Drop Control

Drop Control is used on the neck of the carafes to prevent drips and it makes the wine service more accurate. Drop Control is totally un-noticeable and does not change the quality of the wines.

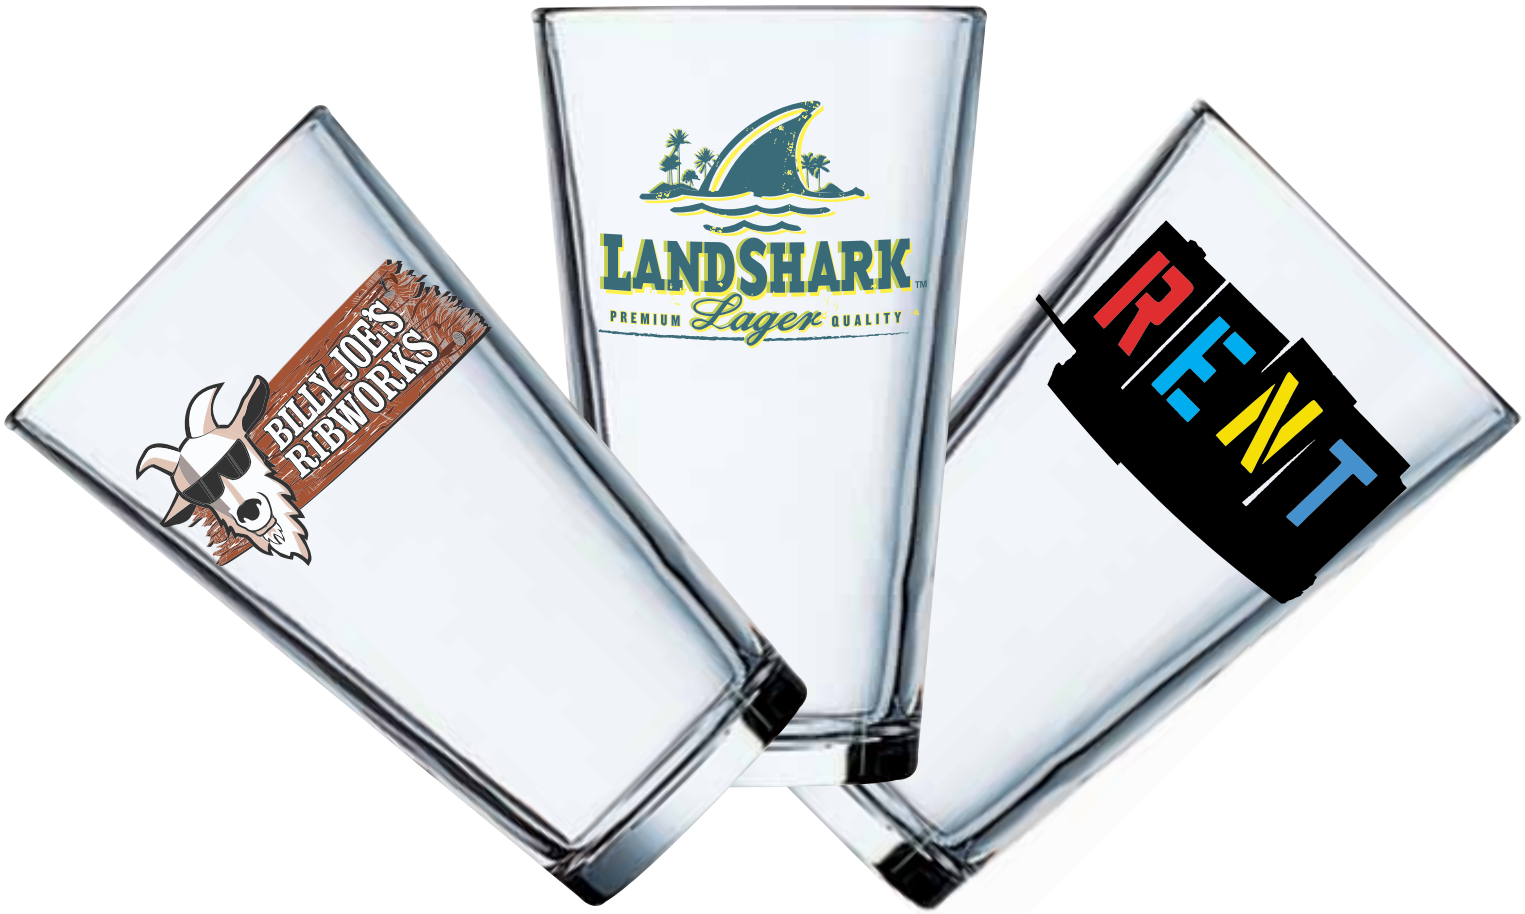
Custom Decorated Glassware



Custom Decorated Glassware is a great way to increase the perceived value of a visit to your establishment — and to stand out from the competition. Decorated glass draws attention to your beverage selections every time it is in use, and if combined with a take home program — it is a remarkably effective method to keep your name in front of your guests.

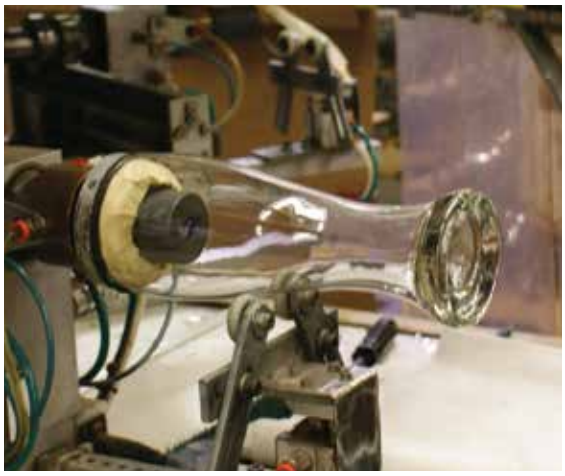
Cardinal offers single and multi color screened logos, subtly placed pour lines, metallic banding, satin-etch finishing, and color decals, to name just a few of the many options available. Your glass will be decorated lead-free compliant with foodservice safety guidelines.

If you're working within a fixed budget, our designers are happy to consult with you in adapting your design, keeping your branding requirements and desired appearance in mind. Whatever your choice, we'll work with you throughout the design process to answer your questions, meeting your every need. We'll fine tune the design and decoration, and establish a production schedule to meet your requirements for quality and delivery.

With fast and convenient service, low minimums, preproduction artwork samples, and custom design available, we can create a signature glassware program to enhance your presentation and profits.

To find out how simple and easy the process can be, contact your Cardinal representative or send an email to: cardinalsales@arc-intl.com.

Artwork is separated into individual colors by our artists in preparation for being printed onto your glass



Cardinal's precision equipment is meticulously calibrated to ensure quality output on every production run.

Every piece is inspected for quality.

We are equipped to mass produce large orders with our fully automated machines. Glasses ride along the belt to be automatically loaded into the oven for firing.

Dinnerware Care & Handling

Foodservice dinnerware handles a heavy workload — and while Cardinal builds our dinnerware for such usage, there are some simple steps that can be taken to significantly prolong the life and look of these products. These guidelines cover various trouble-shooting and maintenance ideas that are applicable to all types of dinnerware.

- Use a plastic scraper to remove stubborn food — NEVER bang the dinnerware on the ware-washing table or waste can.
- Make sure plates are not colliding with each other (or flatware) during the dishwashing process.
- All dinnerware can be adversely affected by poor washing performance or detergent properties.

To achieve optimum results:

- Have your dishwasher serviced to ensure the rinse cycle is working properly and the correct amount of rinse agent is dispensed. If the concentration of rinse is too weak, oils and proteins are not broken down and may build up on the surface. If too strong, a layer of residue can coat the plate, enabling stains to stick.
- Use "balanced" water — A TH level (measure of calcium in water) of between 5 and 8 is recommended. Use a rinse-agent with a balanced pH level (measure of acidity/alkalinity); levels between 5 and 7 is recommended.

Dinnerware may be affected by other external factors in some cases. For example, the quality of flatware - higher grade stainless steel (18/10 recommended) is much less likely to leave knife marks on the plate. The types of food/ beverages in contact with the dinnerware, beverages with tannins, such as tea and coffee, can leave stains on the surface of tableware pieces more quickly than other liquids and food.

Arcoroc dinnerware has exceptional brilliance, and a beautiful and unique sheen. To guard these properties, periodic "soaking" is encouraged. The soak agent should be at pH level of 11-12 for maximum effectiveness against protein build-up (which contributes significantly to staining and marks). Ideally it will also contain a level of chlorine. Soaking depends on usage - dinnerware in high-volume applications, such as hospitals, may need to soak more frequently.

Cardinal Five-Year Edge Chip Warranty

Arcoroc Extra Strong Porcelain, Zenix and Chef & Sommelier Maxima offer a five-year edge chip warranty as standard on ALL pieces in our collections – yes, including the squares, rectangles and cups – yes, everything. (Conditions available upon request.)

Dinnerware Par Levels

To calculate standard usage quantities for your establishment, select the appropriate type of operation, and then simply multiply the number of seats by the number listed below.

Example:
125 Seat Fine Dining Restaurant x 10 1/4" – 10 3/8" Dinner Plate (2) = 250 Plate recommended order quantity.
100 Seat Fine Dining Restaurant x Coffee/Tea Cup (3) = 300 Cup recommended order quantity.
200 Seat Upscale Casual Restaurant x 5 1/2" – 6 5/8" Bread Plate (2) = 400 Plate recommended order quantity.

Item	Fine Dining	Upscale Casual	Catering	Banquet
Bread & Butter Plates	2	2	2	6
Salad/ Dessert Plates	2	2	2	-
Lunch Plate	2	2	2	2
Dinner Plate 9 3/4" - 10"	3	1 1/2	1 1/2	2
Dinner Plate 10 1/4" – 10 3/8"	2	2	2	-
Platters 7 1/4" – 9 7/8"	1 1/2	1	1	-
Platters 11" - 15"	1 1/2	1	1	1 1/2
Coffee/Tea Cup	3	3	2	2
Bouillon, Handled or Non-handled	1	1 1/2	1 1/2	1 1/2
Mug	2	2	2	2
Saucers	3	3	2	2
Fruit Dish	3	2	2 1/2	6
Grapefruits	1	1	1	1 1/4
Cereal Bowl	1	1	1	1/2
Rim/Deep Soup	1/2	1/2	1/2	-
Coffee/Tea Pot	1/2	1/2	1/2	-
Creamer (Pitcher)	1/2	1/2	1/2	-
Service Plate	1 1/2	1 1/2	1 1/2	-

Flatware Care & Handling

Strict adherences to specifications and stringent quality controls at each stage of production make Arcoroc and Chef & Sommelier flatware resistant and reliable. We meticulously scrutinize our items to ensure they are of the correct gauge, an important guarantee of durability.

Cardinal offers flatware made from 18/10 stainless steel and is designed to withstand intensive use and industrial dishwasher conditions. Whether classic or modern, you will find the Arcoroc or Chef & Sommelier pattern that fits your needs in terms of aesthetics and user requirements. For your peace of mind, our products come with a 10-year guarantee, applicable in case of any defect in the materials or production. This guarantee is only valid if all recommendations for use (listed below) are followed. Damage due to normal wear and tear, an accident, improper use, excessive use of detergents or use of non-compliant detergents is not covered by this guarantee. Our 10-year guarantee does not cover discoloration, scratching or staining.

Directions for use:

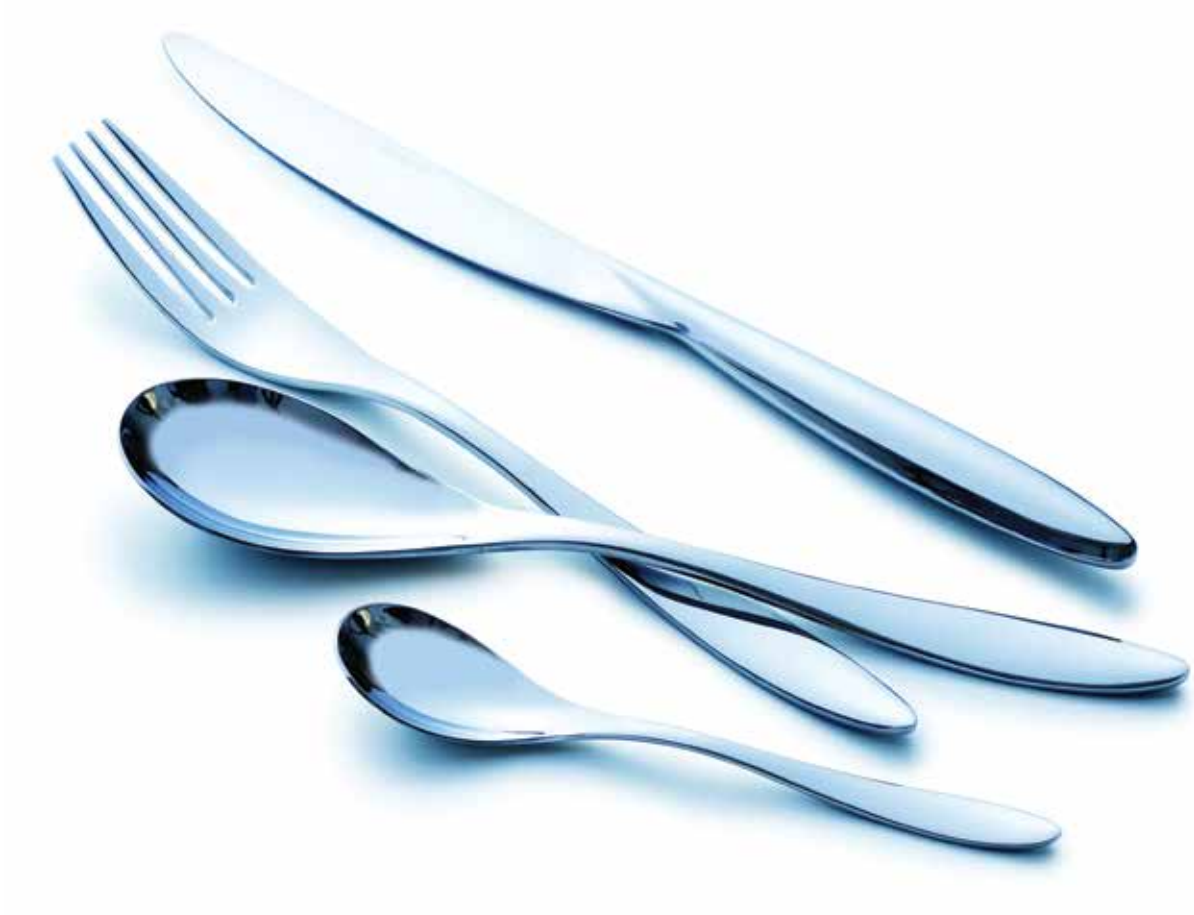
- To prevent salt or food drying on the flatware, it must be thoroughly rinsed after use.
- Emptying the dishwasher immediately after the washing cycle and drying the flatware with a soft cloth is recommended.
- Take care to wash silver and stainless steel flatware separately, to avoid discoloration.
- Stainless steel flatware must never be cleaned using products intended for silver flatware.
- All flatware must be stored in a dry place.
- Always use cooking utensils intended for their purpose, not flatware for cooking.
- Intense heat could damage the flatware's surface and cause discoloration.
- Always separate flatware from other items in bus trays.

Flatware Par Levels

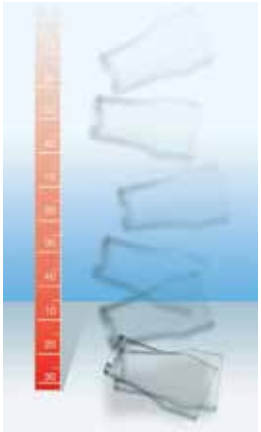
To calculate standard usage quantities for your establishment, select the appropriate type of operation, and then simply multiply the number of seats by the number listed below.

Example:
125 Seat Fine Dining Restaurant x Teaspoon (5) = 625 Teaspoon recommended order quantity.
100 Seat Fine Dining Restaurant x Iced Tea Spoon (1 1/2) = 150 Iced Tea Spoon recommended order quantity.
200 Seat Upscale Casual Restaurant x Dinner Knife (2) = 400 Dinner Knife recommended order quantity.

Item	Fine Dining	Upscale Casual	Catering
Teaspoon	5	3	3
Dessert or Soup Spoon	2	2	2
Tablespoon	1/4	1/4	-
Iced Tea Spoon	1 1/2	1 1/2	1 1/2
Demitasse Spoon	2	*	*
Utility/Dessert Fork	3	3	3
Dinner Fork	2	-	-
Oyster or Cocktail Fork	1 1/2	1 1/2	1 1/2
Dinner Knife	2	1 1/2	3
Utility/Dessert Knife	2	1 1/2	*
B&B Knife or Butter Spreader	2	-	-



Glassware Care & Handling



Elegant dinnerware, shining cutlery, fresh linens and sparkling glassware make an impression on your customers that is almost as important as what is on your menu. As such, high-quality tableware is a big investment — protecting and maintaining this investment is essential to the success of your operation.

Thermal Shock (intense temperature change causing stress and often resulting in cracking) and Mechanical Shock (impact causing chipping, cracking, or breakage) are the primary factors affecting the lifecycle of glassware.

Foodservice glassware absorbs thermal and mechanical shocks on a daily basis. Eventually, it will give in to the buildup of these shocks, and breakage will occur. If your glassware shows the wear and tear of rigorous use, it should be retired — before it can break in service or otherwise affect your customers' opinion of your operation.

To get the most from your Cardinal glassware

Reduce the occurrence of thermal shock:

- Allow freshly washed glasses to return to room temperature before going back into service.
- Preheat glassware used for drinks with warm water.
- Never use a dishwasher-warm glass for serving cold beverages.

Cut down on mechanical shock:

- Utilize the appropriate ware washing rack system.
- Stack only items specially marked as stackable.
- Use an ice scoop to fill your glasses.
- Avoid glass-to-glass contact or other impact.
- Separate your glassware from china and cutlery in bus trays.

Maintain sufficient back-up inventory – and order according to recommended par levels:

- High-volume use items = three pieces x number of settings
- Medium use items = two pieces x number of settings
- Low use items = one piece x number of settings
- Specialty items = as required

Because no two restaurants are the same, daily usage, handling practices and results will vary. For more information on care and handling, please contact your Cardinal International representative or call our customer service department at 973-628-0900.

Glassware Par Levels

To calculate standard usage quantities for your establishment, select the appropriate type of operation, and then simply multiply the number of seats by the number listed below.

Example:
125 Seat Fine Dining Restaurant x 11 Oz. Water (3) = 375 Glass recommended order quantity.
200 Seat Banquet x 8 1/2 Oz. Wine (1 1/2) = 300 Glass recommended order quantity.
100 Seat Upscale Casual Restaurant x 12 Oz. Iced Tea (1 1/2) = 150 recommended glass order quantity.

Item	Fine Dining	Casual Upscale	Banquet
Old Fashioned / Rocks 8 1/2 Oz.	3	3	2
Double Rocks / DOF 10 1/2 - 14 Oz.	3	3	2
Beverage 12 1/2 Oz.	3	3	2
Beer 16 Oz.	2	2	2
Wine 8 1/2 Oz.	2	3	2
Flute 6 Oz.	2	3	2
Cocktail 7 1/2 Oz.	1 1/2	2	1 1/2
Cocktail 10 Oz.	1 1/2	2	1 1/2
Margarita 12 - 14 Oz.	1 1/2	1 1/2	1 1/2
Shot 1 1/4 Oz.	1 1/2	1 1/2	1 1/2
Cordial 4 Oz.	1 1/2	1 1/2	1 1/2
Juice 5 - 6 Oz.	1 1/2	1 1/2	1 1/2
Water / All Purpose 11 - 14 Oz.	3	3	3
Iced Tea 12 - 16 Oz.	1 1/2	1 1/2	1 1/2
Wine 16 - 20 Oz.	1	1	1
Flute 5 3/4 Oz.	2	3	3
