HOLLOWICK® INC.

Gel Heat™

Green Ethanol Gel Chafing Fuel

Hollowick Green Ethanol Gel Chafing Fuel is derived from corn, a renewable resource, grown from American farmers. Our Eco-friendly Green Gel Fuel matches performance of petroleum-based products. Our steel cans and corrugated boxes are all 100% recyclable.

- Eco-Friendly Ethanol, a renewable resource
- Burns 25% longer than regular 2-hour gel fuels
- Provides consistent, reliable high heat output
- Compatible with a broad range of equipment
- Packaged in a strong corrosion resistant steel can
- Non toxic

#GHGREEN

MADE IN THE USA

#READY6

Hollowick's new 6-Hour ReadyHeat™ Wick Chafing Fuel offers a six hour burn at an affordable price. Ideal for the chafer and many other warming needs.

- Odorless
- No shipping or storage restrictions
- Can stays cool

New! Now 2.5 Hour Burn Time!

- Provides you with the longest burning and most economic fuel in the world.
- Burns up to 25% longer than our competitors.
- Provides maximum heat output and consistent delivery every time.
- Allows for use with a broad range of equipment.
- Packaged in a strong corrosion resistant steel can.

2.5 Burn Time
