CONVENIENT CONCEPTS

Providing innovative Equipment and Supply solutions!

FEDERAL REFRIGERATED SELF-SERVE END CAP MERCHANDISER

Designed with impulse sales in mind. Get maximum return and increased profits by putting the food where the people are.

These end caps have adjustable black metal shelves on three tiers with LED top and undershelf lighting. The metal base, interior and canopy are black with a choice of six standard laminates on the exterior. Other color laminates are optional. The refrigeration controls maintain 40° F using R404 Refrigerant.

NACS Booth #5885

FEDERAL CONVERTIBLE SERVICE OVER REFRIGERATED SELF-SERVE

Display a variety of products and serve more customers with presentation and value in mind.

The steel base construction with adjustable leg levelers offers a choice of six standard laminates on the base. Other finishes are optional. This model includes a refrigerated self-serve bottom display and service top display.

The Signature of Quality

CONVENIENT CONCEPTS

Providing innovative Equipment and Supply solutions!

CTI 1301 CONVEYOR

Small. Versatile. Powerful. And Now Digital.

The Lincoln electric Countertop Impinger (CTI) ovens put large-oven capacity almost anywhere you need it. Small enough to fit on most commercial countertops, but large enough to replace a half-sized convection oven or up to five microwave ovens.

**NACS
Booth #4668**

EIKON E4

Ultimate menu flexibility and speed

The e4 accelerated cooking oven combines three heat technologies - convection heat, impingement air and microwave energy - to achieve cook times up to 15 times faster than conventional ovens. Ideal for quick and limited service restaurants, convenience stores, supermarkets, hotels and universities.

THREE REASONS TO CHOOSE KYSOR PANEL SYSTEMS

**Superior Craftsmanship –
Lasting Durability –
Energy Efficient**

A properly designed walk in cooler or walk in freezer

system provides energy efficiency and many years of trouble-free operation.

Have peace of mind when you choose KYSOR Panel Systems. You are assured the highest quality design and installation because we invest heavily in the best manufacturing, design and specification technologies.

Kysor Panel Systems has been setting the design, quality, versatility and service standards in cold storage walk-in coolers and freezers for over 50 years.

KASON LED FIXTURE SAVES MONEY AND ENERGY

LED lights have “instant on” or “quick start” feature

- Energy efficient, quick-start at low temperatures for coolers, freezers and other applications requiring water resistance
- LED fixtures advanced energy saving features produce less heat and reduce operating costs compared to typical fluorescent fixtures
- Shatterproof polycarbonate diffuser
- Built-in gasket assures moisture-proof operation
- EZ-mount design with tethered snap-in-place reflector simplifies installation
- Polished aluminum reflector promotes light distribution
