REDEFINED: CLEAR DESIGN MEETS FUNCTIONALITY

The new aesthetic design means that Convotherm 4 is also ideal for front-of-house cooking. Our principle of "form follows function" is reflected in a clarity of design that also sets new standards in intuitive controls and serviceability.

CONVOTHERM 4 EASYTOUCH

For convenience and reliability.

The easyTouch complete package gives you a full range of impressive and practical features including a high-resolution 9" full-touch screen and customisation options for your every need. The operating concept is incredibly easy, incorporating both established and new functions:

- ACS+ including perfectly harmonised extra functions:
 - Crisp&Tasty – 5 moisture-removal settings
 - BakePro – 5 levels of traditional baking
 - HumidityPro – 5 humidity settings
 - Controllable fan – 5 speed settings
- ConvoClean+: the fully automated cleaning system with eco, express and regular modes, including optional single-measure dispensing
- Ethernet / LAN interface

Contact your Zink rep to reserve your seat at an upcoming training!

CONVOTHERM 4 EASYDIAL

For creative chefs! easyDial sets new standards in manual operation: all settings and extra functions can be selected and adjusted in one operating level and are visible at all times.

- ACS+ including perfectly harmonised extra functions:
 - Crisp&Tasty – 5 moisture-removal settings
 - BakePro – 5 levels of traditional baking
 - HumidityPro – 5 humidity settings
 - Controllable fan – 5 speed settings
- Semi-automatic cleaning system

NEW! DELFIELD GLOBAL SERIES REACH-IN'S

Delfield's focus at NAFEM was primarily on the new Global Reach-in product line. The models on display include GC, GB and GBS units. The Global Reach-ins are designed to perform in working kitchens while offering competitive price points. All models are designed with the same heavy duty refrigeration system as the 6000 series and Spec Line. The system includes the ACT solid state control and TXV design. All will be available in 1, 2 or 3 sections, refrigerators or

freezers and with full height or half height doors.

- The GC series finish includes a S/S front, aluminum exterior sides and an enamel finished interior.
- The GB series finish includes a S/S front, S/S exterior sides and an enamel finished interior.
- The GBS series finish includes a S/S front, S/S exterior sides and a S/S interior.

New price points make Delfield more attractive than ever!

BLUE2™ KIT

The Blue2 instrument transmits temperatures wirelessly to your mobile device via Bluetooth Low Energy. It can utilize any interchangeable Type-K thermocouple temperature probe, making it versatile for insertion, air or surface temperature measurement. The data can be integrated into third party applications.

- Temperature Range: -40° to 999°F
- Ambient Operating Range: 32° to 122°F
- Resolution: 0.1°
- Accuracy: ±0.5°F between 68° to 86°F, add ±0.1°F per degree outside of this range
- RF Range: 100 ft, line-of-site
- Adjustable auto-off
- Sleep mode
- Replaceable 3V Lithium cell battery included
- 750 hour battery life
- ABS plastic housing, IPX7 waterproof
- FCC compliant, CE certified, WEEE marked, RoHS compliant, NSF listed

TEMPSTAR WITH VENTLESS AND ENERGY RECOVERY

Ventless and Energy Recovery Technology for TempStar Door-Type Dishmachines

- Ventless: Does not require a hood
- Energy Recovery
- Internal condensing system minimizes water vapor
- Sani-Sure™ feature ensures proper rinse water temperature
- Multi-cycle timer (Extra Heavy, Heavy, Medium, Normal)
- Specially designed stainless steel nozzles provide superior cleaning action
- Auto-ll/auto-start
- Door switch
- Built-in pressure regulator and door interlock are standard
- Delime/manual wash switch
- Hi-limit thermostat and low water protection
- Uses standard 20" X 20" (508 mm X 508 mm) racks

EGRO TWO KEYPAD

The Egro TWO Keypad Top-Milk XP NMS has been especially designed to satisfy the requirements of those venues having to handle a high daily output of coffee and milk-based beverages. Whether large catering chains, famous fast-food restaurants, convenience store giants or large-scale service areas, the TWO machine provides the ideal solution for offering a consistent and all-round in-cup quality. Keypad user interface, up to 32 selectable products.

WALSH AND SIMMONS SEATING

Walsh and Simmons continues their tradition by offering quality, exceptional service and prompt delivery on these affordable alternatives in the commercial restaurant furniture and bar furniture manufacturing businesses.

NEW! TITAN SERIES MAX-CUT FROM EDLUND...NO OTHER PRODUCT CAN DUEL WITH IT!

The National Restaurant Association awarded Edlund Company the 2015 Kitchen Innovations (KI) Award for the Titan Max-Cut multi-purpose fruit and vegetable prep machine.

- The first and only all-in one stainless steel dicer, wedger, corer, and french fry cutter
- Replaces all those other products that leave you wanting more
- Made in U.S.A. patent-pending design lets you move quickly and easily from wall to table mounting with the available quick connect bases
- Quick change pusher and all stainless steel blade assemblies with protective wash guards feature the largest cutting surface available to make short work of your food prep tasks
- Features heavy duty dishwasher safe construction, NSF certification, and multiple cutting options for maximum performance from just one machine
- Choose from 1/4", 3/8" or 1/2" dice or fries
- Cuts 6 section or 8 section wedges of potatoes, tomatoes, lemons, limes, etc., and cores apples
- Extra blade cartridge storage compartment built in to unit
- Cuts up to 6 1/2" long potatoes into fries

Frymaster FILTERQUICK

Frymaster® FilterQuick™ Series Fryers put filtration at your fingertips

Frymasters' FilterQuick™ Fryers with Fingertip Filtration™ are available in both open pot gas and electric models. They improve profit margins with labor and energy-saving features, contribute to green and sustainability initiatives and place caring for the oil at your fingertips.

- Easy-to-use, closed cabinet system encourages more frequent filtering
- Reduced operating costs by using less oil
- Electric fryers qualify for energy-saving rebates and ASTM ratings exceed ENERGY STAR® standards for efficiency
- Frypot is air cooled during filtration and only one frypot filters at a time to safeguard workers

Talker-S-Print - 22" x 41"

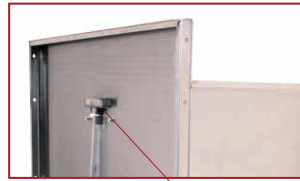

CHOICE BY GLASTENDER

Glastender's main underbar line is superior to Perlick's, yet is priced competitively. Our superior features cost more to manufacture, which means we cannot always beat Perlick's price. To remedy this situation, we developed the Choice line of underbar to compare more directly with Perlick, while still distinguishing itself with the following set of superior features:

- All stainless steel fabrication
- One-piece seamless top and backsplash
- A generous 14" underbar skirt
- Welded construction with bolt-on legs
- Integral, welded backsplash stiffeners

CHOICE UNDERBAR FEATURES:

Drainboard cabinets have a unique drain design allowing them to be flush mounted to the bar die wall

20 gauge fabricated multiple sink bowls are 70% thicker than industry standard for greater durability. Over-sized bowl easily accommodates brush washers.

All drainboards have fully corrugated work surface for increased aerated glass storage

Backsplash faucets are removable from the front of the equipment for easier service

Leg tube set into recessed sockets for added strength

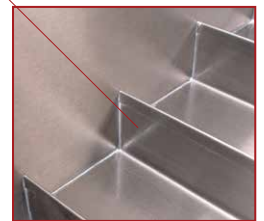

Threaded inserts for mounting standard size speed rails for easier installation and more secure attachment

One-piece seamless backsplash and front skirt on combo ice bins is easier to keep clean and more aesthetically pleasing

1/4" radius corners on blender shelf are easier to keep clean

Liquor displays come standard with integral bottle retaining rails

BISTRO STRIPED NAPKINS

Achieve an ambiance of farm-to-table with Marko's SoftWeave Bistro Striped Napkins. These napkins hold their color and don't bleed. SoftWeave offers soft hand, minimal linting, consistent colors, great soil release and very little shrinkage.

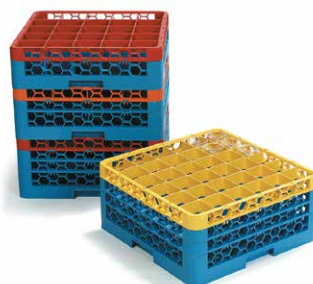

- 100% SoftWeave fabric
- Yarn dyed stripe stays true to color without fading or bleeding
- Designed to be washed with bleach
- 18" x 22" pre-cut with hemmed edge
- 15 color options

COLOR-CODED GLASS RACK EXTENDERS

Organize Your Operation

If your operation has multiple drinkware styles to be washed, stored, and identified, Carlisle OptiClean extenders are now available in six color choices. Use them to color code your glass racks for easy site organization, employee training or glass and glass rack organization consistency.

STAINLESS STEEL MAGNETIC TRIANGULAR MEASURING CUPS

Set of 4 (1/4 cup, 1/3 cup, 1/2 cup, and 1 cup) nesting measuring cups. Cups and handles are made of stainless steel. Handles contain magnets so cups stay together in storage. Triangular shaped cups with flat edge makes scooping ingredients easier.

STAINLESS STEEL WET & DRY NESTED MEASURING SPOONS

Set of 4 nesting spoons includes 1/4 tsp., 1/2 tsp., 1 tsp., 1 tbsp. Spoons have 2 stainless steel heads, one for liquid measure, one for dry with non-stick finish. Dry measures have shovel shape to easily get into bottles. Liquid measures have molded fill-line around top of spoon. Handles contain magnets to stay together in storage.
