PREMIUM HEAVY DUTY SLICERS

Globe's NEW N-Series premium slicers are the best choice for you!

All premium slicers include:

- 13 PreciseEdge™ Knife - Holds a sharp cutting edge better and longer than stainless steel
- Premium Gear Drive System - Slices difficult product like cheese with ease
- EZ-Glide™ Adjustable Slicing Table - Specifically designed to reduce friction resulting in a smooth gliding stroke
- Precision Gear Slice Thickness Adjustment - Ensures consistent slices for reduced waste, higher yield and increased profits
- Open Space Base Design - Expanded area around the knife simplifies cleaning, which facilitates a quick and easy process
- Stainless Steel Construction - Effective sanitation is easily achieved
- Simple Sharpening System - Easy access and perfect sharpening alignment are the result of Globe's one-step sharpener

GLOBE COUNTER TOP & BENCH MIXERS

Globe's countertop mixers are the perfect mix of performance and price.

All countertop & bench mixers include:

- Gear Transmission - Substantially thicker gears and shafts giving additional strength and longevity to mixer transmissions
- Quality Construction and Design - Globe's rigid cast iron body can handle the high torque produced when mixing heavy loads
- Lower Cost of Ownership - Priced to provide significant savings over other brands without compromising proven design and durable components, thus ensuring years of reliable operation
- Space Saving Design - Slide away bowl guard offers convenient bowl access without taking up additional kitchen space
- Safety Interlocks - Safety interlocked

bowl guard and bowl lift provide safe operation

FOODSERVICE WATER FILTRATION SYSTEM PRO SERIES MANIFOLDS

1-Stage
Model:
FS-HF1-M

2-Stage
Model:
FS-HF2-2M

3-Stage
Model:
FS-HF3-D2M

4-Stage
Model:
FS-HF4-D3M

5-Stage
Model:
FS-HF5-D3ML

Benefits

- Reduces chloramines, chlorine taste and odor, and other offensive contaminants that can adversely affect the taste of beverages.
- Improves the taste of fountain beverages and helps retain the drink's carbonation.
- Sub-micron filtration reduces dirt and particles as small as 1 micron in size.
- Reduces possible health contaminants such as Cryptosporidium and Giardia cysts.
- Protects drink system equipment from clogging, corrosion and abrasive wear.
- Patented cartridge system is simple, quick and easy. Internal filter parts are never exposed to handling or contamination. Patented quarter-turn connection allows for easy cartridge changes.

NEW COLDMASTER COOLCHECK

- Patent-pending technology allows you to quickly see when temperatures are no longer safe*
- Same great features as our standard Coldmaster products with the added element of color-changing technology
- Eliminates the guessing game behind food safety
- Unit holds food safely below 41° for 6-8 hours*
 - Reduces waste by "telling" workers when food temperature is safe

NOTIF EYE

A Cloud-Based Temperature Monitoring and Notification System

NotifEye™ is a cloud-based monitoring and notification system. Wireless humidity sensors detect incidents, monitor humidity limits and send data via gateways to the NotifEye system. The humidity sensors have a flexible antenna with a 250 to 300 ft wireless range. The sensor is set with user-defined parameters, to sleep, then wake-up in timed intervals and transmit data to the gateway. Alerts are triggered the moment a sensor is out of the set range and notifications are sent.
