Smart•Therm II®

Dinex introduces the newest generation of induction heating systems. The Smart•Therm is the most innovative system for today's demanding foodservice traylines and room service operations.

DX821220

HEATS
BASES IN
16
SECONDS
AT 240v *

Smart•Therm II features:

- Space efficient, countertop design with stainless steel housing, heavy duty electronic components and composite polymer material top
- Engineered for use in commercial kitchens
- User-friendly LCD display and control panel for ease of use and automatic power control
- Uses the interactive DX821 Series base from Dinex
- Senses base automatically and gives the correct amount of heat to allow consistent temperature every time
- Microprocessor monitors charging cycle time with base
- Automatic shut-off feature prohibits overheating
- Boost feature allows Dinex base to be preheated and then reheated during delays in trayline operation
- Easy-to-clean composite top surface
- Single unit works on all 208v, 220v and 240v systems
- Base cycle time ranges from 14 to 19 seconds depending on voltage supply
- NSF Listed

MealtimeXpress™ Cart

The MealtimeXpress is ideal for hospital special units, nursing homes, assisted living, personal care homes, senior citizen centers, and hospice care.

Stainless steel panels come standard. A variety of optional laminate panels are available. Please visit Wilsonart®* at www.wilsonart.com to make your selection.

- Versatile bulk service unit to help maintain HACCP hot and cold temperatures
- Two models are available - one with one hot and one refrigerated compartment, the other with two hot compartments
- Serves up to 40 meals depending on portion size and meal variety
- Digital LCD Control Panel that displays temperature readings in both °F and °C
- Hardened polycarbonate protector guard with LED lamps, two individually controlled aluminum hot top surfaces with breaker strips to prevent heat transfer to adjacent parts
- Manually controlled hot tops and lamps
- Four, 6-inch caster configuration, (4) swivels located at corners, allow zero turning radius
- Sliding internal cassettes suitable for simple placement on transfer dolly (optional), easily accessible interior service components, smooth covered food cavities to provide easy cleaning
- Full perimeter bumpers and push handle included
- Convection heat elements couples with high efficiency fan utilizing thermal profiling technology, providing equally distributed temperature throughout compartments
- All components operate on 120v

MealtimeXpress™ Support Cart

- An important companion to the Dinex MealtimeXpress cart, the Support Cart provides all the necessary utilities for serving, and an organized system for transporting supplies
- Constructed of premium quality, maintenance-free stainless steel with rugged casters and push handle
- The Support Cart features on-board electrical connection, drop-shelf, convenient bins and shelving for supplies
- Also a generous amount of “working space” on top for trays, urns, etc.
