FLIGHT TYPE

JFT

All Models Call Factory

Assembly of all flight sections, including internal wiring, piping, thermometers and leveling of the machines is performed by Jackson factory-authorized personnel. The Jackson factory-authorized personnel will also conduct performance test and operator training at the time of assembly. Final utility connections for plumbing and electrical shall be provided by others and should be conducted by an authorized and licensed tradesman in accordance with local, state and national building codes and guidelines. All Jackson Flight-type machines come standard with a one-year Parts & Labor Warranty and a two-year quarterly Preventative Maintenance Program (PMP) through the local Jackson Authorized Service Agent (ASA).

EXTENDED WARRANTY!

Extended warranties are available on new Jackson manufactured dishmachines and must be purchased at the time of the equipment order. A one (1) year extended warranty is available at a rate of 10% of the purchase price and a two (2) year extended warranty is available at the rate of 18% of the purchase price.

FREIGHT AND DELIVERY

Freight on LVO products is F.O.B. Rock Rapids, Iowa. Customer must provide a fork lift or loading dock to unload an LVO Washer. Please make certain doorways and electrical services are large enough to accommodate the size of the machine you order.

INSTALLATION

An LVO factory representative will supervise installation and demonstrate washer after installation at a charge of \$575 per day plus expenses.

LVO WARRANTY

One year parts and labor from date of delivery, not the date of installation. Please coordinate the date of delivery with the date of installation to utilize the full length of the LVO warranty.
