## duraSERV® PIZZA CARRIER RETAINS 47% MORE HEAT AFTER 34 MINUTES!

**Unzips for flat storage and easy cleaning**

### duraSERV® PIZZA CARRIER SMOKES THE COMPETITION.

We temperature tested our new pizza carrier against some of the best in the business. The other guys' carriers weren't even close. Even after half an hour, our duraSERV pizza carrier was over 50° hotter inside.

### HOTTER PIZZAS MEANS HAPPIER CUSTOMERS.

You can make the tastiest pizza on earth, but if it arrives at your customer's door cold, you lose business. That's why we put the same care into our carrier as you put into your pies. For a pizza carrier you can depend on, duraSERV® delivers.
