Bar Maid's BLE-300 delivers the ultimate combination of power, convenience and versatility that professionals need to get the job done fast...

- **Outstanding performance...** Powerful 3 peak horsepower motor and stainless steel blades crush ice or mix dough with ease.
- **Easy operation...** with On/Off and 2-speed toggle switches.
- **Convenient...** combination plunger/spatula is designed for pushing ingredients into a continuous blend and moving ingredients inside the container sides without coming in contact with the blades. Underbody cord wrap stores excess cord.
- **Extremely versatile...** in preparing smoothies; frozen drinks; batters; dressings and sauces; spreads and dips; herbed and nut butters; pureed soups, fruits and vegetables; and ground coffee, flour, spices, bread crumbs, nuts and seeds.
- **Built to last...** innovative, virtually unbreakable BPA-Free 64 ounce Eastman Tritan® Copolyester container "funnels" contents into stainless steel blades.
