Compact Chip Champion

Model CP-3000-D CC

Quaternary Tablet Sanitizer

DIS-201

Sanitizing and drying casino chips and dice was a major, time consuming task... until now. Enter the Bar Maid CHIP CHAMPION™ Casino Chip Cleaning System. Modified from our popular Cutlery Polishers and paired with a multi-purpose sanitizer, this system gets the job done quickly and easily. Routinely clean chips and dice in house to reduce potential spread of pathogens among staff and players.

- **Quaternary Tablet Sanitizer...** Economical tablet sanitizer is easy to store, dissolve in water according to label directions to prepare sanitizing solution on demand.
- **Fast payback...** CHIP CHAMPION models process thousands of chips and dice per hour. One-person operation significantly reduces labor costs of cleaning by hand or expensive chip cleaning services.
- **Increased hygiene...** Routine cleaning reduces potential spread of pathogens and increases chip life as chips look newer longer.
- **Portable...** All CHIP CHAMPION models have a relatively small footprint that fits most work tables or use the optional wheeled cart for easy portability and storage.
- **Durable, efficient and easy to use...** Stainless steel construction. Clean, dry chips and dice come out of the machine in minutes, ready for use. One year warranty.
- **3 Models...** Choose the CHIP CHAMPION that suits your needs based on volume and available space.

CHIP CHAMPION™ Casino Chip Cleaning System

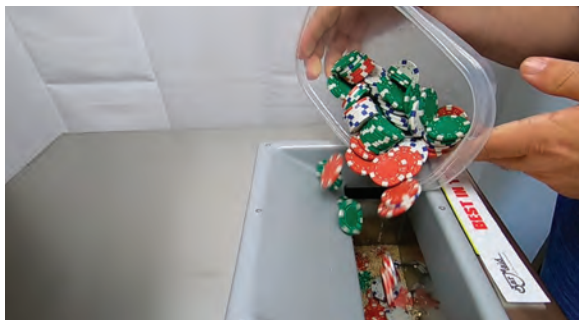

Sanitize and dry 4,000 to 10,000+ casino chips per hour, depending on CHIP CHAMPION model.

Immerse chips and dice in sanitizer according to label directions, then drain well.

Place into the automatic feeder.

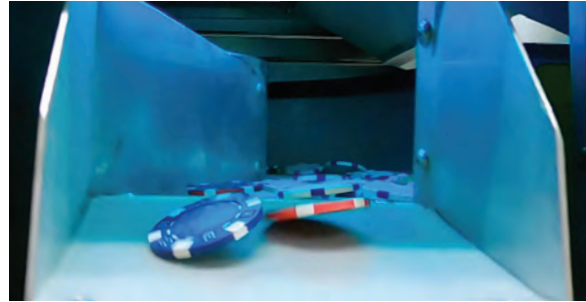

Or feed evenly into machine chute.

Chips and dice pass through hot organic granulate.

A three-step process that helps ensure dry, sanitized chips and dice... fast!

1. Sanitizer immersion
2. High heat drying
3. UV-C light exposure on exit

Then exposed to UV-C light.

Dry chips and dice exit the machine, immediately ready for use.

Accessories

Organic Granulate

CP-REFILL – An organic granulate for use in CHIP CHAMPION machines.

Quaternary Tablet Sanitizer
