## **Rich Products is passionate** about Pizza!

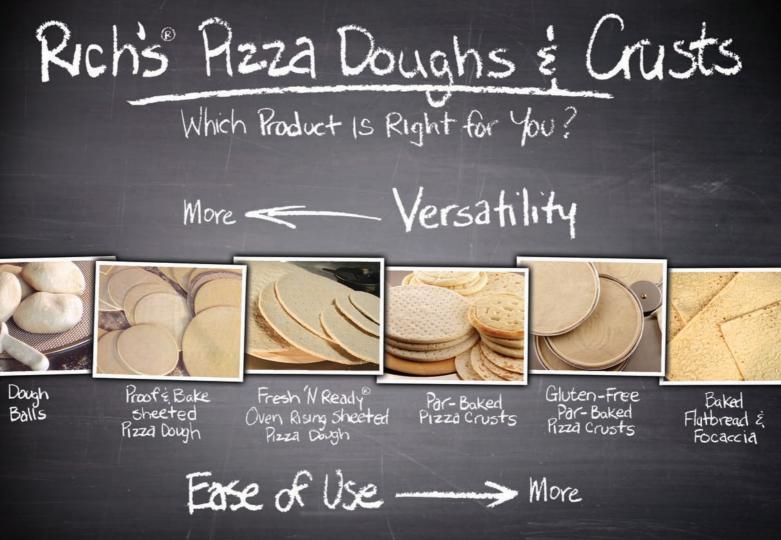

At Rich's<sup>®</sup>, our team of pizza experts is passionate about solutions that work for foodservice. Our commitment to pizza has helped us become the leading national supplier of frozen doughs and crusts - offering a full line of high-quality, operator-friendly products that consumers love.

You can't serve a guality pizza without a guality crust. With Rich's<sup>®</sup>, you'll find the full range of doughs, crusts, and flatbreads that ensure every operation serves great-tasting pizza every time.

**Pizza Dough Balls** For more than 25 years Rich's<sup>®</sup> has been the preferred choice for classic American-style pizza dough balls. Delivered in eight pre-portioned sizes/weights, these dough balls are all about convenience, quality and versatility. Ideal for foodservice operations with labor to manage dough and perfect for creating customized crusts: thick, thin or raised edge.

## the most trusted line of high-quality, operator-friendly products.

**Proof & Bake Sheeted Pizza Dough** Rich's<sup>®</sup> Proof & Bake Sheeted Pizza Dough is the industry standard for fresh baked pizza without all the scaling, dividing, rounding, and stretching required with dough balls. Just thaw overnight, bring to room temperature and top any way you like. Ideal for consistently great pizza, as well as a variety of unique menu applications like Calzones, stromboli and bread sticks.

Fresh 'N Ready<sup>®</sup> Oven Rising Sheeted Pizza Dough Unlike other Freezerto-Oven products that are processed and rise in the plant, Rich's® Fresh 'N Ready® is a unique sheeted pizza dough that rises and develops its characteristics in the oven while it bakes. Because it is a raw dough, Fresh 'N Ready<sup>®</sup> delivers the eating qualities of a fresh dough pizza with no traditional handling required. Enjoy the operational flexibility this product offers, including staging at room temperature, in the cooler, top and bake right from the freezer, or thaw and use as a dough for menu variations!

## handling tips

#### All Rich's<sup>®</sup> Pizza Doughs and Crusts:

- Keep frozen until ready to use
- To prevent drying, pizza dough must be completely covered when thawing, proofing, or tempering
- Do not refreeze thawed dough *Refrigerate and* use first the next day

#### Product Specific Rich's® Pizza Doughs and Crusts:

#### Pizza Dough Ball Handling:

Place dough balls on lined sheet pan, sprayed with pan release or lightly brushed with oil

- Cover and refrigerate overnight
- Temper dough balls at room temperature for 60-90 minutes before stretching
- Shape dough balls to fit desired pan using a mechanical sheeter, rolling pin or by hand (dust with flour first)
- Dock the dough and carefully place on a pizza screen or pan sprayed with oil. Top and bake

#### Fresh 'N Ready<sup>®</sup> Oven Rising Sheeted Pizza Dough Handling:

- Place frozen dough, breadcrumb side down, on a pizza screen or pan spraved with oil. Top and bake
- Note: Dough designed to be used directly from the freezer, but can be staged at room temperature (maximum of 2 hours) or held under refrigeration overnight

| Bake as follows:   | Conveyor/Impinger Oven           | Convection Oven  | Deck Oven                     |  |

One Robert Rich Way Buffalo, New York 14213

Brick Oven Pizza Featuring 7" Fresh 'N Ready Oven Rising Sheeted Dough

## tap into the national craving for pizza.

Rich's<sup>®</sup> pizza solutions that work for foodservice. Pizza dough and crusts that perform consistently, require less labor and always make customers hungry for more.

Portobello Goat Cheese Pizza Featuring 16" Fresh 'N Ready Oven Rising Sheeted Dough

- For crisper crust, bake pizzas on a pizza screen or pan sprayed with oil
- Ovens vary so use the suggested guidelines and optimize oven time and temperature for your operation
- After baking, allow pizza to set for 3-4 minutes before cutting

#### **Proof & Bake Sheeted Pizza Dough Handling:**

Place sheeted dough on lined sheet pan, sprayed with pan release or lightly brushed with oil

- Layer desired number of dough sheets on pan, using papers sprayed with pan release provided in the case between each layer
- Stack should be no more than 5 high
- Cover and refrigerate overnight (minimum of 12-18 hours)
- Temper sheeted dough at room temperature for 60-90
- minutes or until double in size - Dock the dough and carefully place on a pizza screen
- or pan sprayed with oil. Top and bake
