OPEN UP MORE OF THE MENU TO GUESTS WITH DIETARY NEEDS WITHOUT SACRIFICING TASTE.

“Three fourths of consumers who are ordering more plant-based menu items are motivated by the menu items’ health benefits, and 60% are motivated by the menu items being natural. The taste and novelty of plant-based menu items are also appealing to consumers, demonstrating the need to menu not only healthy but also innovative options..”

Mintel, “Dining Out in 2020”, December 2019

“The prevalence of food allergies among children increased 18% during 1997–2007. In 2006, about 88% of schools had one or more students with a food allergy 37% of consumers avoid an ingredient due to an allergy or intolerance.”

Mintel, “Sesame may become ninth top allergen”, October 2019

“Food allergies are a growing food safety and public health concern that affect an estimated 8% of children in the United States. That’s 1 in 13 children, or about 2 students per classroom.”

Cdc.gov, Division of Population Health, National Center for Chronic Disease Prevention and Health, May 2019
