

The Bistro Collection by Elemental

New

Make a lasting impression by serving specialty cocktails in a variety of clever shapes and sizes.

Smaller capacities are designed for multiple uses. Think vintage cocktails, fruit infusions, appetizers and single-portion desserts.

Iced Tea infused vodka and unexpected herb garnishes such as Rosemary, are just some of the current trends in cocktails today. Our new Bistro Champagne Coupe has a retro look perfect for trendy cocktail recipes. The new shape and capacity works beyond the bar – think crab cocktail or Mojito ice cream dessert!

- Multipurpose glass – great for appetizers, desserts and specialty drinks
- Shorter stem for easy storage and less accidental spills at the bar
- Coupe rounded edge shape is more resistant than classic martini shape
