About The Brand»

f&d is the perfect blend of fine crystal and durability. Each piece in the collection is created with careful attention to the details required to make quality beverages taste and look their best each time they are served.

Count on f&d for professional service use. f&d is guaranteed for 2,000 dishwashing cycles while staying strong, brilliant and completely colorless. Growing concern for health and the environment is at the forefront of the technological advances used to create f&d. Each crystal glass is manufactured without the use of lead oxide, yet includes the distinctive sound found among the finest lead crystal offerings in the world.

The five collections of f&d comprise the most often requested sizes and shapes for serving beverages, each designed with a contemporary flair to specially complement the fine dining experience.
