

PITCHERS, CARAFES & DECANTERS

“Spherique is the perfect choice for controlling wine pours in our trattoria.”

PITCHER, CARAFE & DECANTER COLLECTIONS

Wine service gets a lift of style when Carafes are used for decanting wine or controlling pours. Cardinal presents a varied collection of sizes and shapes that will enhance your wine offerings. Chef & Sommelier decanters are created with mouth blown glass to define elegant shapes. Drop Control technology is used to ensure that white tablecloths remain clean after each pour. Arcoroc offers a variety of shapes, sizes, and designs created to go from outdoor patio service to wine by the glass, and even stylish water service.

S.A.N. Plastic

Strength and Durability with excellent mechanical resistance. No deterioration of the material after more than 2,000 washes in an industrial dishwasher.

Kwarx

Kwarx® is a revolutionary new glass material created specifically to allow sheer rim designs to obtain extreme strength and durability against chipping, breakage, scratching, and is guaranteed for up to 2,000 industrial dishwashing cycles. Kwarx® glassware is completely transparent which makes it the perfect choice for tasting quality glassware.

Mouth Blown Crystal

Mouth blown crystal techniques are used in the Chef & Sommelier decanter range to create organic and complex shapes which are simply not possible with other manufacturing methods.

Each piece is created by hand.

Drop Control

Drop Control is used on the neck of the carafes to prevent drips and it makes the wine service more accurate. Drop control is totally un-noticeable and does not change the quality of the wines.

PITCHERS, CARAFES & DECANTERS

Shape	Pitcher
Item #	777600
Capacity	8 3/4 Oz.
Height / Top	H:5" T:2 1/2"
