

Control Portions with **Cook & Serve**

The popular trend of gourmet-style comfort food continues and calorie conscious consumers are looking for appetizing, controlled portions. Today, comfort food is all about combining home cooked comforts and gourmet delicacies.

Individual portions of mac & cheese, sweet potato pie, casseroles and mini pies can be cooked and served in the same dish to savor the flavors and enhance the dining experience. The *Cook & Serve* Collection gives traditional home-style presentations a contemporary new look.

Cook & Serve conveniently goes from freezer to oven and oven to table. The transparent glass material ensures that food is the focal point.

For hot appetizers, entrees, side dishes and desserts, give classic comfort foods a flavor upgrade for a fresh new appeal in a portion controlled serving.

Made from a proprietary grade of borosilicate glass for strength and durability. Glass is fully tempered.
