Gel Heat™ Green Ethanol Gel Chafing Fuel

Hollowick Green Ethanol Gel Chafing Fuel is derived from corn, a renewable resource, procured from American farmers. Our Eco-friendly Green Gel Fuel matches performance of petroleum-based products. Our steel cans and corrugated boxes are all 100% recyclable.

- Eco-Friendly Ethanol, a renewable resource
- Burns 25% longer than regular 2-hour gel fuels
- Provides consistent, reliable high heat output
- Compatible with a broad range of equipment
- Packaged in a strong corrosion resistant steel can
- Non toxic
