### BATTERY INSTALLATION

- To release battery cover press button on the top of the battery door using a pen (Fig. 1). Slide the battery door downward to release door.
- Install (2) C Batteries (not included). Be sure batteries are inserted in the proper direction (Fig. 2) and replace battery cover.  
**Note:** Alkaline batteries are recommended for maximum battery life.

### CANDLE OPERATION – SWITCH

For ON & REMOTE operation: Slide switch to **ON** (Fig 3.) To turn OFF: Slide switch to **OFF**. Slide switch to **TIMER** (8 hour default) to MAXIMIZE battery life. Candle will "Blink" (3) times indicating the TIMER has been SET. Candle will now automatically turn on at the SET time every day and off after 8 hours. The remote control will NOT work when switch is in OFF or TIMER position. (See remote operation for additional timer settings and functionality.)

### MAGNETIC REMOTE CONTROL

(Remote control is equipped with an internal magnet and will attach to almost any metal surface.)

To use remote: Make sure switch is in the **ON** position (Fig 3.) All remote functions are now available for use. Remote will work within a 30 ft. range of candle. Note: remote activation and use will impact overall battery life. To maximize battery life, slide switch to **OFF** when not in use, or slide switch to **TIMER** for 8 hour default. (Remote uses 1x CR2025 battery, included.)

### REMOTE TIMER SETTINGS

Your wax pillar has three separate timer modes to choose from: 6hr, 8hr or 10hr. To activate the desired timer setting while candle is **ON**, press button of your desired timer setting 6, 8, or 10 and hold for approximately one second. The candle will "Blink" 2x's for 6hr, 3x's for 8hr, and 4x's for 10hr. Once complete, candle will automatically turn on at the set time every day and turn off after the selected number of hours.

### BRIGHTNESS CONTROL

Need more light? Your wax pillar comes equipped with a step up brightness control setting. Pressing the Brightness button (Fig 4) maximizes your light output. Pressing the Dimmer button (Fig 5) returns your light output to normal. Note: Continuous use at maximum brightness will impact overall battery life.

### CANDLE MAINTENANCE

- Clean with a soft, dry cloth.
- If needed, use a damp cloth and mild household soap.

### CAUTION

- Candle is made of REAL WAX and is **FLAMMABLE**. This product is designed for **INDOOR USE**. Keep away from any heat source that could cause the wax to soften, melt or catch fire.
- To avoid wax deposits on any surfaces, place on a protective base.
- Failure to insert batteries correctly may shorten the life of the batteries or cause batteries to leak, which may damage candle.
- Do not mix old and new batteries. Do not mix alkaline, carbon zinc, rechargeable nickel cadmium or rechargeable nickel metal hydride batteries.
- Do not dispose of batteries in fire. Recycle or dispose of batteries per battery manufacturer recommendations.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## FCC COMPLIANCE

This equipment has been tested and found to comply with the limits for a class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is

subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

**WARNING Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment**

**CANICES-5(B)/NMB-5(B)**

## ONE YEAR LIMITED WARRANTY:

Warranty covers defect in material or workmanship for up to one year. It excludes damage caused by normal wear and tear, misuse or modification. Warranty applies only to the original purchaser of this product. Warranty terminates if you sell or transfer product(s). Hollowick will repair or replace product(s) at its option. Call 1-800-367-3015 for warranty service. Warranty is limited to consumer use. EXCLUDES ALL INCIDENTAL AND CONSEQUENTIAL DAMAGES, SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY HAVE OTHER RIGHTS WHICH VARY BY JURISDICTION. Hollowick, Inc., P.O. Box 305, Manlius, NY 13104, USA.
