

CARE OF HOLLOWICK LAMPS

BASES/LAMPS

Hollowick lamp bases are coated with finishes that protect and enhance the beauty of the lamps. Metal, wood and plastic bases should be cleaned with a spray furniture wax. This leaves a protective shine and allows for easy cleaning in the future. Resin and glass bases should be cleaned with a damp cloth and mild detergent.

GLOBES

Keep Hollowick globes sparkling clean by regularly handwashing them with warm water and mild detergent.

NOTE: Commercial dishwashing detergents may spot or dull fired-on colors.

NOTE: DO NOT PUT ANY HOLLOWICK LAMP, BASE OR GLOBE IN A DISHWASHER.

A NOTE ABOUT BREAKAGE DUE TO THERMAL SHOCK

Breakage and cracking are commonly experienced when traditional wax tealights and votives are used in glass table lamps; especially with thicker glass lamps and globes.

For this reason, some of our lamps are not recommended for use with wax tealights and votives. The use of the proper Hollowick fuel cell will resolve this issue.
