**TONO-PEN® XL**

**SERVICE SYMPTOM**
Cleaning of the TONO-PEN XL required.

**DESCRIPTION**
When the TONO-PEN XL requires cleaning between patients as mandated by certain institutions.

**CORRECTIVE PROCEDURE**

**CLEANING OF THE HANDLE**
The TONO-PEN XL handle may be wiped down with a paper towel or soft cloth lightly moistened with alcohol.

*CAUTION:* BE CAREFUL NOT TO USE EXCESS ALCOHOL ON OR AROUND THE LCD SCREEN, AS THIS MAY CAUSE DAMAGE TO THE SCREEN.

CLEANING OF THE TIP
There should always be a clean Ocu-Film® tip cover on the TONO-PEN XL, even when stored in its case. This will ensure that the tip stays clean. If accidental contamination of the tip occurs, and the tip requires cleaning, you may wipe down the tip with a paper towel or soft cloth lightly dampened with alcohol.

*CAUTION:* BE CAREFUL NOT TO OVER MOISTEN THE PAPER TOWEL OR CLOTH. IF ANY EXCESS LIQUID GETS INSIDE THE PEN TIP, IT MAY DAMAGE THE UNIT, CAUSING PREMATURE FAILURE.

**TONO-PEN® AVIA**

**SERVICE SYMPTOM**
Cleaning of the TONO-PEN AVIA required.

**DESCRIPTION**
When the TONO-PEN AVIA requires cleaning between patients as mandated by certain institutions.
